iDOT TRITIUM SIGHT SET FOR GLOCK® GEN 5 19 & 23 SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the iDOT Tritium Sight Set for your Glock® Gen 5 19 & 23. This guide provides important safety information and instructions to ensure proper use and installation of your new sights. Please read this manual carefully before using the product.

General Safety Guidelines

- Ensure that the product is suitable for your specific model of Glock® Gen 5 (19 or 23) before installation.
- Always handle firearms and accessories with care and in accordance with local laws and regulations.
- Keep the sights out of reach of children and unauthorized users.
- Regularly inspect the sights for any signs of damage or wear. Do not use if damaged.
- Follow all manufacturer guidelines for the safe operation and maintenance of your firearm.

Specific Safety Precautions for Use

- Ensure that your firearm is unloaded before installing or adjusting the sights.
- Avoid using the sights in extreme environmental conditions that may affect performance (e.g., extreme heat, cold, or moisture).
- Be aware that the tritium in the sights is a radioactive material. Although it is contained safely, avoid direct exposure to the sight's internal components.
- Do not attempt to disassemble or modify the sight set. Any alterations may compromise safety and performance.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: a punch tool, hammer, and appropriate sight installation tool.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Removal of Old Sights:

- Use the punch tool to carefully drift out the existing sights from the slide.
- Ensure no damage occurs to the slide during removal.

3. Installation of New Sights:

- Align the front sight with the designated slot on the slide.
- Gently tap the front sight into place using a hammer and punch tool until secure.
- Repeat the process for the rear sight, ensuring it is aligned correctly.

4. Adjustment:

- Once installed, check the alignment of the sights. Adjust if necessary according to your shooting preferences.
- Test the sights at a safe shooting range to ensure proper alignment and visibility.

5. Maintenance:

- Regularly clean the sights with a soft cloth to remove any debris.

- Avoid using harsh chemicals that may damage the sight finish.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding hazardous materials.
- Do not throw the product in regular trash. Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or customer service contacts available in your product packaging. Always ensure that you are consulting official sources for the most accurate and up-to-date information.

By following these guidelines, you can ensure the safe and effective use of your iDOT Tritium Sight Set. Thank you for prioritizing safety in your shooting practices.
