iDOT Tritium Sight Set Safety Instructions

Introduction

Thank you for choosing the iDOT Tritium Sight Set for FN High Power. This product is designed to enhance your shooting experience by providing superior sight alignment in various lighting conditions. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is suitable for your firearm model (FN High Power).
- Always handle firearms safely and responsibly.
- Keep the sight set away from children and unauthorized users.
- Regularly inspect the sight for any damage or wear.
- If you notice any defects or issues, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- **Tritium Safety:** The front and rear sights contain tritium, a radioactive material. Do not attempt to disassemble the sights. If the sights are damaged, avoid contact with the internal components and seek professional help.
- **Installation:** Ensure that the sight set is installed correctly to prevent misalignment or accidental damage during use.
- **Shooting Environment:** Use the sight set in appropriate conditions. Avoid using firearms in areas where it is prohibited or unsafe to do so.
- **Protective Gear:** Always wear proper eye and ear protection while shooting.
- **Storage:** Store the firearm and sight set in a secure location, away from moisture and extreme temperatures.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing sights from the FN High Power using appropriate tools.
- Align the new iDOT Tritium sights in the sight dovetail.
- Securely fasten the sights according to the manufacturer's specifications.
- Confirm that the sights are properly aligned before use.

2. Usage:

- Familiarize yourself with the sight alignment process.
- Use the dotoverdot configuration for quick vertical sight alignment.
- Practice shooting with the new sight set in a controlled environment before using it in a competitive or hunting scenario.
- Regularly check sight alignment and functionality during use.

Disposal Instructions

- Dispose of the sight set according to local regulations regarding radioactive materials.
- Do not throw the sight set in regular household waste.
- Contact local authorities or waste disposal facilities for specific disposal instructions.

Contact Information for Further Support

For any inquiries or concerns regarding the iDOT Tritium Sight Set, please refer to the manufacturer's website or customer support resources. Ensure you have your product details ready for a more efficient response.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your iDOT Tritium Sight Set. Thank you for your attention to safety and responsible firearm use.
