

# ESSENTIAL GUNSMITHING KIT

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Gunsmithing Tool Kits](#)

If you are thinking about working on firearms, you will need a basic set of quality must have tools for the task. The Essential Gunsmithing Kit combines in one package all the necessary tools needed to complete a successful job. This kit contains carefully selected tools that will cover a broad range of gunsmithing needs. FEATURES: Essential Gun Maintenance Mat – The cushioned surface protects firearm finishes during disassembly or assembly and provides handy storage compartment for small screws, pins, and springs. The mat is chemical resistant and easy to clean. Deluxe Hammer & Punch Set – Provides all the correctly sized punches needed for your gunsmith projects as well as the versatile Brass Tapper Hammer. The Brass Tapper Hammer comes with brass, nylon, and steel heads so you can select the proper one for the job at hand. 45 Piece Gunsmith Tool Kit – A good screwdriver set is one of the most used tools on a gunsmith’s bench and this set has all of the properly fitting interchangeable bits you will need. The set includes 12 hollow ground bits for slotted screws, 15 hex bits in standard and metric sizes, 6 Phillips bits, 6 specialty bits, 1 handle, 1 extension, and 1 ratchet wrench. Mechanical Trigger Pull Gauge – This accurate yet simple to use gauge will measure trigger pull weights from 0 to 12 pounds. Readings are in 2-ounce increments. The gauge features a rolling trigger shoe, “T” handle, a sliding weight indicator and a zero-adjustment wheel. Pick and Brush Set – The variety of picks allows you to get into all of those hard-to-reach areas, whether it is to scrape away carbon build-up or moving small parts. Also includes nylon and bronze brushes for scrubbing away touch residue.

# Essential Gunsmithing Kit Safety Instructions

## Introduction

Thank you for purchasing the Essential Gunsmithing Kit. This guide provides important safety instructions to ensure the safe use of your tools. It is essential to follow these guidelines to minimize risks and ensure a successful gunsmithing experience.

## General Safety Guidelines

- Always read and understand the instructions before using any tools in this kit.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect all tools for damage before use; do not use damaged tools.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Ensure your workspace is clean and well-lit.
- Do not work on firearms while under the influence of alcohol or drugs.
- Store tools in a dry and secure place after use to prevent accidents.

## Specific Safety Precautions for Use

- **Essential Gun Maintenance Mat:**
  - Ensure the mat is placed on a stable surface to prevent slipping during use.
  - Clean the mat regularly to avoid contamination of firearm finishes.
- **Deluxe Hammer & Punch Set:**
  - Select the appropriate punch size for the task to prevent damage to the firearm.
  - Use the Brass Tapper Hammer carefully to avoid striking the wrong part of the firearm.
- **45 Piece Gunsmith Tool Kit:**
  - Use the correct bit for the screw type to avoid stripping screws.
  - Ensure the screwdriver handle is secure before applying force.
- **Mechanical Trigger Pull Gauge:**
  - Use the gauge on a stable surface to get accurate measurements.
  - Follow the manufacturer's instructions for measuring trigger pull weights.
- **Pick and Brush Set:**
  - Use picks gently to avoid damaging firearm components.
  - Dispose of used brushes properly to avoid injury from bristles.

## Instructions for Installation and Usage

1. **Essential Gun Maintenance Mat:**
  - Unroll the mat on a flat surface.
  - Ensure it is clean and free from debris before starting work.
2. **Deluxe Hammer & Punch Set:**

- Select the appropriate punch and hammer head.
- Position the punch on the part to be worked on and strike gently with the hammer.

### 3. **45 Piece Gunsmith Tool Kit:**

- Choose the correct screwdriver bit and attach it to the handle.
- Insert the screwdriver into the screw and turn slowly to avoid damage.

### 4. **Mechanical Trigger Pull Gauge:**

- Attach the gauge to the trigger guard securely.
- Pull the trigger slowly until the gauge indicates the weight.

### 5. **Pick and Brush Set:**

- Select the appropriate pick or brush for the task.
- Use picks to scrape away debris and brushes to clean surfaces.

## **Disposal Instructions**

- Dispose of any damaged or wornout tools responsibly.
- Follow local regulations for the disposal of tools and materials.
- Recycle materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Essential Gunsmithing Kit, please reach out to the designated EU-based contact. Ensure you have your product information ready for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Essential Gunsmithing Kit. Always prioritize safety and take the necessary precautions when handling tools and firearms.
