

# 416 Caliber (0.416") SINGLE FEED MTAC BULLETS - CUTTING EDGE BULLETS MTAC 416 CAL (0.416") SOLID COPPER SINGLE FEED 525GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

The Cutting Edge MTAC line of bullets are machined out of lead free solid copper bar stock on a CNC swiss lathe. These are a high BC, solid bullet designed exclusively for target use at all ranges. A unique feature of this bullet is their patented SealTite™ band which is a band slightly larger than caliber diameter around the bullet which was designed to eliminate fliers by preventing gas blow-by. The SealTite™ band also decreases copper fouling which is typically associated with mono metal bullets. The required twist rate for this bullet is 1:13" or faster. Due to their length, these MTAC bullets are designed to be single fed.

## Attributes

- Name: [CUTTING EDGE BULLETS MTAC 416 CAL \(0.416"\) SOLID COPPER SINGLE FEED 525GR 50/BOX](#)
- Manufacturer: [CUTTING EDGE BULLETS](#)
- Product no.: 430110687
- Mfr. No.: MTAC 416 525 MAX
- Ballistic Coefficient (G1): -
- Ballistic Coefficient (G7): -
- Brand Style: Match Tactical
- Bullet Style: Copper Solid
- Caliber: 416 Caliber
- Diameter (in): 0.416
- Grain: 525
- Quantity: 50
- Delivery weight: 1.701kg
- UPC: 812191024167

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for 416 Caliber (0.416") SINGLE FEED MTAC BULLETS

## Introduction

Thank you for choosing the Cutting Edge MTAC 416 Caliber (0.416") Solid Copper Bullets. This guide provides essential safety instructions to ensure safe handling, usage, and disposal of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle ammunition with care and respect.
- Keep ammunition out of reach of children and unauthorized persons.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Use appropriate personal protective equipment (PPE) when handling bullets.
- Follow all local laws and regulations regarding the use and storage of ammunition.

## Specific Safety Precautions for Use

- Ensure that your firearm is compatible with 416 Caliber bullets before use.
- Always check the barrel for obstructions before loading.
- Use only the recommended twist rate of 1:13" or faster for optimal performance.
- Avoid using damaged or corroded bullets.
- Do not modify or alter the bullets in any way.
- Always aim in a safe direction and be aware of your surroundings when firing.
- Use proper shooting techniques and follow all safety protocols at shooting ranges.

## Instructions for Installation and Usage

### • Loading Bullets:

- Ensure your firearm is unloaded before loading bullets.
- Carefully insert the bullet into the chamber, ensuring it is seated properly.
- Follow the manufacturer's instructions for your specific firearm model regarding loading and firing.

### • Firing:

- Always wear eye and ear protection while shooting.
- Use the firearm in a designated shooting area or range.
- Fire only when you are sure of your target and what lies beyond it.

### • PostFiring:

- After firing, ensure the firearm is unloaded and clean any residue as per the manufacturer's cleaning guidelines.
- Dispose of spent casings and bullets according to local regulations.

## Disposal Instructions

- Dispose of used bullets and ammunition in accordance with local laws and regulations.
- Do not throw bullets in regular trash; instead, take them to a designated hazardous waste disposal site.
- Ensure that all materials are properly sealed and labeled during disposal.

## Contact Information for Further Support

For any safety inquiries or concerns regarding this product, please reach out to the designated EU contact point provided with your product packaging.

## Reporting Unsafe Products

- If you encounter any unsafe products or accidents, report them to the appropriate authorities.
- Stay informed about recall updates via the EU's Safety Gate platform.

By following these guidelines, you can ensure a safer experience while using the Cutting Edge MTAC 416 Caliber bullets. Thank you for prioritizing safety in your shooting activities.
