

# COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19® - BROWNELLS

## COMPLETE SLIDE ASSEMBLY WITH THREADED BARREL FOR GLOCK 19

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Complete, Fully Assembled Feature-Rich "Top Half" With Threaded & Ported Barrel Options Top off your next custom pistol build or upgrade with our Complete RMR Slide Assembly for Glock® 19 Gen3, available in three configurations. You can get your slide with a premium match-quality barrel, a ½"-28 tpi threaded barrel to accept a sound suppressor, or with a ported barrel that vents through a window in the top of the slide to counteract muzzle rise and help you keep the sights on the target for subsequent shots. This eliminates the need to install a bulky compensator on the muzzle, which means your new comped pistol will still fit standard holsters for the Glock® 19. These slides come fully assembled with the barrel and all the internal small parts installed, making this RMR Slide the ideal upgrade for your factory Glock® 19 Gen3 pistol or the perfect "top half" for a brand-new custom gun built on a compatible frame from another manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting of a reflex red dot sight that fits the Trijicon RMR footprint. If you're not mounting a red dot at the moment, we've included a lightweight reinforced polymer cover plate to neatly fill the slot. Our RMR Slide comes with standard-height front and rear sights, which can serve as your primaries or a backup "iron" sights when paired with a red dot sight. Fits Gen3 Glock® 19 pistols & clones Comes COMPLETE with barrel, front & rear sights, and small parts installed Built-in mounting slot for reflex sights with the Trijicon RMR footprint Optic slot cover plate & recoil spring assembly also included Slide machined from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top slide with standard barrel or ½"-28 tpi threaded barrel, OR distinctive top Window slide with ported/compensated barrel Each RMR Slide for Glock® starts life as a billet of 416 stainless steel that is machined to Glock® factory specifications inside, with a tough, extremely wear-resistant black Nitride finish. This slide fits standard Glock® factory G19 frames and compatible aftermarket frames. The match-quality barrel is machined from premium 416R stainless steel alloy. The muzzle of the threaded barrel has standard ½"-28 tpi threads. The ported barrel has eight ports angled to provide just the right counterforce to muzzle rise. On the sides at the rear, you'll find distinctive wide, shallow cocking serrations that give excellent "purchase" to rack the slide, plus a mirrored set of serrations up front that aid in manipulating the slide to press-check the chamber. Both sets of serrations make it easy to manipulate your pistol's slide from any angle and in any position. We'll admit it: these serrations just look cool, too! Whether you're assembling a custom pistol to meet specific needs, or you're upgrading a factory Glock 19 for enhanced performance and versatility, a Brownells complete slide assembly is helps you complete your project quickly and easily! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

# Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19

## Introduction

Thank you for choosing the Brownells Complete Slide Assembly for Glock 19. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this manual thoroughly before installation and usage.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the installation and use of the slide assembly.
- Always treat your firearm as if it is loaded, even when it is not.
- Keep the firearm pointed in a safe direction at all times.
- Store your firearm and accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Use only compatible parts and accessories designed for the Glock 19 model.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using a firearm.
- Ensure that the area is clear of people and obstacles before firing.
- Be aware of your target and what lies beyond it.
- Never place your finger on the trigger until you are ready to shoot.
- Do not modify the slide assembly or any other parts of your firearm beyond the manufacturer's specifications.
- If you experience any malfunctions while using the firearm, cease use immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation Instructions

#### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including the recommended channel liner installation tool (#777100017).

#### 2. Remove the Existing Slide:

- Follow the manufacturer's instructions to safely remove the existing slide from the Glock 19 frame.

#### 3. Install the Channel Liner:

- Use the channel liner installation tool to press fit the channel liner into the slide assembly as required.

#### 4. Attach the New Slide:

- Align the new slide assembly with the frame.
- Gently slide it into place until it is securely attached.

#### 5. Check Functionality:

- After installation, check the functionality of the slide by racking it and ensuring it moves smoothly.
- Verify that all components are properly installed and secure.

## **Usage Instructions**

- Always ensure the firearm is in a safe condition before handling.
- Use the firearm in accordance with local laws and regulations.
- Regularly clean and maintain your slide assembly and firearm to ensure optimal performance.
- When using a reflex sight, ensure it is properly mounted and zeroed before firing.

## **Disposal Instructions**

- Dispose of any damaged or nonfunctional parts in accordance with local regulations.
- Follow local laws regarding the disposal of firearms and firearm accessories.
- For environmental safety, do not dispose of parts in regular trash. Consider recycling options where available.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the Brownells Complete Slide Assembly for Glock 19, please refer to the manufacturer's customer support resources.

By following these guidelines, you can ensure a safer experience while using your Brownells Complete Slide Assembly for Glock 19. Always prioritize safety and responsible firearm handling.
