

# COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19® - BROWNELL'S COMPLETE WINDOW SLIDE ASSEMBLY W/PORTED BARREL FOR GLOCK 19

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Complete, Fully Assembled Feature-Rich "Top Half" With Threaded & Ported Barrel Options Top off your next custom pistol build or upgrade with our Complete RMR Slide Assembly for Glock® 19 Gen3, available in three configurations. You can get your slide with a premium match-quality barrel, a  $\frac{1}{2}$ "-28 tpi threaded barrel to accept a sound suppressor, or with a ported barrel that vents through a window in the top of the slide to counteract muzzle rise and help you keep the sights on the target for subsequent shots. This eliminates the need to install a bulky compensator on the muzzle, which means your new comped pistol will still fit standard holsters for the Glock® 19. These slides come fully assembled with the barrel and all the internal small parts installed, making this RMR Slide the ideal upgrade for your factory Glock® 19 Gen3 pistol or the perfect "top half" for a brand-new custom gun built on a compatible frame from another manufacturer. It features a pre-cut slot for easy, secure, low-profile mounting of a reflex red dot sight that fits the Trijicon RMR footprint. If you're not mounting a red dot at the moment, we've included a lightweight reinforced polymer cover plate to neatly fill the slot. Our RMR Slide comes with standard-height front and rear sights, which can serve as your primaries or a backup "iron" sights when paired with a red dot sight. Fits Gen3 Glock® 19 pistols & clones Comes COMPLETE with barrel, front & rear sights, and small parts installed Built-in mounting slot for reflex sights with the Trijicon RMR footprint Optic slot cover plate & recoil spring assembly also included Slide machined from 416 stainless steel billet, with a Black Nitride finish Choice of Solid top slide with standard barrel or  $\frac{1}{2}$ "-28 tpi threaded barrel, OR distinctive top Window slide with ported/compensated barrel Each RMR Slide for Glock® starts life as a billet of 416 stainless steel that is machined to Glock® factory specifications inside, with a tough, extremely wear-resistant black Nitride finish. This slide fits standard Glock® factory G19 frames and compatible aftermarket frames. The match-quality barrel is machined from premium 416R stainless steel alloy. The muzzle of the threaded barrel has standard  $\frac{1}{2}$ "-28 tpi threads. The ported barrel has eight ports angled to provide just the right counterforce to muzzle rise. On the sides at the rear, you'll find distinctive wide, shallow cocking serrations that give excellent "purchase" to rack the slide, plus a mirrored set of serrations up front that aid in manipulating the slide to press-check the chamber. Both sets of serrations make it easy to manipulate your pistol's slide from any angle and in any position. We'll admit it: these serrations just look cool, too! Whether you're assembling a custom pistol to meet specific needs, or you're upgrading a factory Glock 19 for enhanced performance and versatility, a Brownells complete slide assembly is helps you complete your project quickly and easily! Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017.

# Safety Instruction Guide for COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19®

## Introduction

Thank you for choosing the COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19® from Brownells. This guide provides important safety information to ensure the safe use and installation of your slide assembly. Please read this document carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only in accordance with the manufacturer's instructions.
- Always handle firearms with care and treat them as if they are loaded.
- Store the slide assembly and any associated components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the slide assembly for any signs of wear or damage before use.
- If you notice any defects or malfunctions, cease use immediately and consult a qualified gunsmith.

## Specific Safety Precautions for Use

- Only use the COMPLETE SLIDE ASSEMBLY with a compatible Glock® 19 Gen3 frame.
- Ensure that the firearm is unloaded before installing or removing the slide assembly.
- When installing the slide, ensure that all parts are securely fitted to prevent any accidental discharges.
- Be cautious when using the threaded barrel with a sound suppressor; ensure that it is properly attached before firing.
- When using the ported barrel, be aware that it may produce a different recoil pattern than standard barrels.
- Always wear appropriate eye and ear protection when operating the firearm.
- Do not attempt to modify or alter the slide assembly in any way, as this may compromise safety and performance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including the recommended channel liner tool (#777100017).

### 2. Installation:

- Remove the existing slide from the Glock® 19 Gen3 frame by following the manufacturer's guidelines.
- Place the COMPLETE SLIDE ASSEMBLY onto the frame, ensuring proper alignment with the frame rails.
- Install the channel liner as required. This is a pressfit component; ensure it is securely in place.
- Attach the recoil spring assembly and ensure it is properly seated.
- If using a reflex sight, mount it in the precut slot, following the manufacturer's instructions.
- Ensure all components are secure before proceeding to use the firearm.

### 3. Usage:

- Before firing, doublecheck that the firearm is loaded correctly and that all safety features are

engaged.

- Fire the firearm in a controlled environment, ensuring that the area is safe and free of obstructions.
- Monitor the firearm during use for any unusual sounds or behaviors, and cease use immediately if any issues arise.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of firearms or firearm parts in regular household waste.
- Contact local authorities or waste management services for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the COMPLETE SLIDE ASSEMBLIES FOR GLOCK 19®, please refer to the manufacturer's contact details provided with your product. It is essential to seek assistance from qualified professionals for any technical issues or safety concerns.

Thank you for prioritizing safety in your firearm practices. Enjoy your new COMPLETE SLIDE ASSEMBLY FOR GLOCK 19® responsibly.
