EXTENDED MAGAZINE RELEASE FOR SMITH & WESSON M&P FULL SIZE/COMPACT Designed with precision and an unmatched eye for detail, this S&W M&P Extended Magazine Release ensures a glove-like fit for the 1.0 and 2.0, be it full size or compact. The meticulous design offers a flawless union, eliminating the fuss of mismatch or misfit, assuring shooters a product that feels like an original extension of their firearm. Ergonomic Excellence: The extended profile isn't just for show. It serves a functional purpose, allowing users to engage the release effortlessly without the need to reposition or adjust their grip. This means faster magazine changes, a crucial advantage in situations where every millisecond is pivotal. The aggressive knurling further amplifies the design, enhancing grip levels for all conditions, ensuring that your fingers never slip, even in adverse situations. Enduring Craftsmanship: Constructed from the finest CNC-machined stainless steel, the Tyrant magazine release is the epitome of durability and resilience. Apart from its wear-resistant nature, the stainless steel construction brings with it an aesthetic appeal, marrying functionality with elegance. It's not just about looking good; it's about standing the test of time and delivering impeccable performance, even in the most challenging conditions. Aesthetically Pleasing: While function is paramount, aesthetics aren't compromised. The polished finish of the S&W M&P Extended Magazine Release not only ensures protection against the elements but also exudes a sophisticated shine, elevating the firearm's innate beauty and making it not just a tool, but a statement piece. Effortless Installation: You don't need to be a gunsmith to integrate this masterpiece into your S&W M&P. With its intuitive design, the installation process is straightforward, eliminating the need for specialized tools or extended workshop sessions. SPECIFICATIONS: Platform: Smith and Wesson Designed For Models: M&P 9/.40, M&P 9c/.40c Fitment Notes : Does not work with 10 round magazines
