MARS-H 7.62X51 NATO SEMI-AUTO RIFLE MRP-H MLOK 12.5 Upper Receiver | Ambidextrous Charging Handle | S-A Bolt Carrier Group | MARS-H Lower Receiver | 16" 7.62x51 (.308) Chrome Lined 1:10" RH Twist Barrel This is the current flagship for the MARS-H lineup. The do-it-all MARS-H has the robustness of a combat proven weapon system, the pedigree of an accurate long range rifle, and the versatility of LMT's MARS™ modular system. Featuring a 1/10 right hand twist, 16", chrome lined barrel, and two stage trigger, this carbine can shoot with precision for a long time. Utilizing the LMT® patented Monolithic Rail Platform, MRP™. The only true monolithic rail platform, milled from a single solid piece of aerospace aluminum forging. It utilizes two locking bolts accessible from the side of the receiver to lock in the barrel extension. This patented technology engages the barrel extension for a full 360 degrees around the extension and makes the barrel removable within seconds with a return to zero of the same barrel. One receiver can utilize numerous barrels of varying length, material, and caliber. The upper receiver has 19.25" of picatinny rail on the 12 o'clock position. The remaining 7 sides provide M-LOK compatible attachment points. MARS-H barrels utilize a low profile gas block and straight gas tube. They possess proprietary coating and are cryogenically treated for long term durability. The MARS-H ambidextrous lower receiver features LMT's EDM machined two-stage trigger, winter trigger guard, endplate with QD swivel point, LMT® ergonomic textured grip, and SOPMOD stock. The ambidextrous features include bolt catch and release, magazine catch, and safety selector. As with all LMT® lower receivers, the extension tube is coated with dry film lubricant. This weapon system comes complete with magazine, owner's manual, and 3 rail panels SPECIFICATIONS: Barrel Length: 16 in / 406 mm Barrel Material: Chromoly Rifling Twist Rate: 1:10" Caliber: 7.62x51 Color: Black Magazine Capacity: 20 Rounds Selector: Safe/Semi Trigger: Two Stage MARS Caliber: 7.62 Weight: 9.48 lbs Size and Weight: 34.75" - 38" / 9.47lbs

MARSH 7.62X51 NATO SemiAuto Rifle Safety Instruction Guide

Introduction

Thank you for purchasing the MARSH 7.62X51 NATO SemiAuto Rifle. This guide is designed to provide essential safety information to ensure the proper use and handling of your rifle. It complies with the EU General Product Safety Regulation (GPSR) and aims to protect users and the general public.

General Safety Guidelines

To ensure safe use of the MARSH rifle, please follow these general safety guidelines:

- Always treat the rifle as if it is loaded, even if you believe it to be empty.
- Keep the rifle pointed in a safe direction at all times.
- Store the rifle in a secure location, out of reach of children and unauthorized users.
- Always use appropriate eye and ear protection when firing the rifle.
- Be aware of your surroundings and ensure that the area is clear of people and animals before firing.
- Do not consume alcohol or drugs before or while using the rifle.
- Regularly inspect the rifle for any signs of wear or damage.

Specific Safety Precautions for Use

When using the MARSH rifle, please observe the following specific safety precautions:

- Use only factorymanufactured ammunition that is appropriate for the 7.62x51 caliber.
- Ensure that the rifle is properly maintained and cleaned according to the manufacturer's instructions.
- Do not attempt to modify the rifle or use aftermarket parts that are not approved by the manufacturer.
- Always engage the safety selector when the rifle is not in use.
- Be aware of the rifle's muzzle velocity and effective range to avoid accidental harm to others.
- Do not fire the rifle in enclosed spaces without proper ventilation.
- If a misfire occurs, keep the rifle pointed downrange for at least 30 seconds before attempting to clear the malfunction.

Instructions for Installation and Usage

Follow these instructions for the proper installation and usage of your MARSH rifle:

1. Installation of Accessories:

- Ensure the rifle is unloaded before attaching any accessories.
- Use the provided MLOK attachment points for mounting accessories securely.
- Check that all accessories are firmly attached before use.

2. Loading the Magazine:

- Use only the included 20round magazine.
- Load ammunition into the magazine according to the manufacturer's instructions.
- Ensure the magazine is fully seated in the rifle before firing.

3. Firing the Rifle:

- Ensure that the safety selector is in the "Fire" position before attempting to shoot.
- Use a stable shooting position and grip the rifle firmly.

- Squeeze the trigger gently to fire the rifle, avoiding jerking or pulling.

4. Cleaning and Maintenance:

- After each use, clean the rifle according to the manufacturer's guidelines.
- Inspect the barrel, bolt, and other components for signs of wear or damage.
- Store the rifle in a cool, dry place when not in use.

Disposal Instructions

When it comes time to dispose of your MARSH rifle, please follow these guidelines:

- Do not dispose of the rifle in regular household waste.
- Contact your local authorities or a licensed firearms dealer for proper disposal methods.
- Ensure that all ammunition is removed and disposed of according to local regulations.

Contact Information for Further Support

For any questions or concerns regarding the MARSH rifle, please refer to the manufacturer's website or customer service resources for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your MARSH 7.62X51 NATO SemiAuto Rifle. Always prioritize safety and responsibility while handling firearms. Thank you for your attention to these important guidelines.
