# Safety Instruction Guide for LMT 5.56MM Lower Parts Kit

## Introduction

Thank you for choosing the LMT 5.56MM Lower Parts Kit. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that all components are inspected for damage before installation.
- Always follow local laws and regulations regarding firearm assembly and use.
- Keep the kit and all its components out of reach of children and unauthorized users.
- Use protective eyewear when handling and assembling firearm components.
- Never point a firearm at anything you do not intend to shoot.
- Store all tools and components securely when not in use.

## Specific Safety Precautions for Use

- **Trigger Group:** Handle with care to avoid accidental discharge. Ensure the weapon is unloaded before installation.
- **Assembly Components:** Use the correct tools and follow the instructions to avoid injury or damage to parts.
- **Ambidextrous Selector Assembly:** Ensure proper installation to prevent malfunction during use.
- **Buffer Retaining Pin/Spring:** Be cautious when handling springs to avoid injury from sudden release.
- **Magazine Catch Assembly:** Ensure proper function before use to avoid misfeeds or malfunctions.

## Instructions for Installation and Usage

## 1. Preparation:

- Gather all necessary tools: screwdriver, pliers, and any other required tools.
- Ensure your workspace is clean and welllit.

## 2. Installation Steps:

- **Trigger Guard Assembly:**
  - Align the trigger guard with the lower receiver.
  - Secure it using the provided screws.
- **Magazine Catch Assembly:**
  - Insert the magazine catch into the lower receiver.
  - Secure it with the retaining screw.
- **Bolt Catch Assembly:**
  - Position the bolt catch in its designated slot.
  - Tighten the screw to secure it.
- **Pivot/Takedown Pin Assemblies:**
  - Insert the pivot pin into its slot.
  - Repeat for the takedown pin.
- **Buffer Retaining Pin/Spring:**
  - Place the buffer retaining spring into the designated hole.
  - Insert the buffer retaining pin to secure it.
- **Ambidextrous Selector Assembly:**
  - Follow the specific instructions for your model to install the selector switch correctly.

## 3. Trigger Group Installation (if included):

- Carefully follow the manufacturer's instructions to install the LMT AXLE® TwoStage trigger group.
- Ensure all components are seated properly and function as intended.

## 4. Final Inspection:

- Check all installed components for proper function.
- Ensure that the firearm operates safely and correctly before use.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If any components are damaged or defective, do not attempt to use them. Dispose of them safely to prevent accidents.

## Contact Information for Further Support

For any questions or concerns regarding the LMT 5.56MM Lower Parts Kit, please refer to the manufacturer's website or contact the customer service department for assistance.

By following these guidelines and instructions, you can ensure the safe use and installation of your LMT 5.56MM Lower Parts Kit. Always prioritize safety and comply with local laws and regulations. Thank you for your attention, and enjoy your new kit!
