

M5 (.308) ATLAS R-ONE M-LOK HANDGUARD - AERO PRECISION M5 (.308) ATLAS R-ONE 15" HANDGUARD M-LOK FOR AR-308 CLEAR

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

M5 (.308) ATLAS R-ONE M-LOK HANDGUARD Aero is excited to announce clear anodize parts and components! These parts feature a Type 3 hard coat finish that is applied without any dye during the anodizing process. Something to note about these is color variance between different materials- long story short 7000 series aluminum (receivers, chassis center sections, chassis stocks) show up with a more gold/yellow hue; whereas 6000 series aluminum (handguards) anodizes a more slate grey color. What these color variations leave you with is a visually appealing contrast that has gained a cult following over the years. Clear anodize being as light as it is also makes an amazing base for your next rattle can finish if you are into that type of thing! NOTE: This part features a colored anodized finish. These finishes are held to different aesthetic standards than parts finished in black anodizing or Cerakote. The lighter coloring allows certain aesthetic marks on the material to be visible through the finish. Some may show more or fewer signs of these defects, but the parts are guaranteed to be quality and in spec. There are also slight color variances between different materials when colored anodizing is applied. For more information on colored anodizing visit our Knowledge Center. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. Lightweight By Design M-LOK Handguard Weight: 9.07 oz Mounting Hardware Weight: 1.9 oz Features: Full top picatinny rail for optional attachments Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

Attributes

- Name: [AERO PRECISION M5 \(.308\) ATLAS R-ONE 15" HANDGUARD M-LOK FOR AR-308 CLEAR](#)
- Manufacturer: [AERO PRECISION](#)
- Product no.: 430111626
- Mfr. No.: APSL100551
- Colour: Clear
- Length: 15"
- Material: Aluminum
- Type: M-LOK
- Weapon type: AR .308

- Delivery weight: 0.907kg
- Shipping height: 51mm
- Shipping width: 51mm
- Shipping length: 432mm

M5 (.308) ATLAS RONE MLOK HANDGUARD

SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the M5 (.308) ATLAS RONE MLOK Handguard by Aero Precision. This product is designed with safety and performance in mind. Please read this safety instruction guide carefully to ensure safe usage, proper installation, and maintenance of the handguard.

General Safety Guidelines

To ensure your safety and the safety of others, please adhere to the following guidelines:

- **Product Safety:** Ensure that the handguard is used according to the manufacturer's instructions. Misuse can lead to accidents or injuries.
- **Enhanced Recalls:** Stay informed about any product recalls. If notified of a recall, follow the instructions provided to remedy the situation.
- **Online Shopping:** When purchasing online, make sure to buy from reputable sources that comply with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the EU safety contact point as needed.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

When using the M5 (.308) ATLAS RONE MLOK Handguard, please observe the following precautions:

- **Inspect Before Use:** Always inspect the handguard for any signs of damage or wear before installation and use.
- **Proper Fit:** Ensure that the handguard is compatible with your firearm. It is designed for milspec AR15 upper receivers and barrels.
- **Installation:** Follow the installation instructions carefully. Improper installation can lead to malfunction or injury.
- **Avoid Excessive Force:** Do not overtighten any screws or components during installation. This may cause damage to the handguard or your firearm.
- **Use Appropriate Tools:** Use the recommended tools for installation and maintenance to avoid damaging the handguard.
- **Regular Maintenance:** Periodically check the handguard and its components for wear or damage. Replace any damaged parts immediately.

Instructions for Installation and Usage

Follow these steps for the safe installation and use of the M5 (.308) ATLAS RONE MLOK Handguard:

1. **Gather Tools:** Ensure you have all necessary tools, including a torque wrench, appropriate screwdrivers, and any other recommended tools.
2. **Preparation:** Clear the area of any obstructions and ensure you are in a safe environment.
3. **Remove Existing Handguard:** If applicable, carefully remove the existing handguard from your firearm.
4. **Install Barrel Nut:**
 - Place the custom engineered barrel nut onto the upper receiver.
 - Use the turnbuckle screw to secure it in place, ensuring even pressure.
5. **Attach Handguard:**
 - Align the handguard with the barrel nut.

- Secure it using the provided locking nuts.
- Ensure that the ratcheting detent is properly engaged for secure installation.

6. Final Check:

- Verify that the handguard is securely attached and that there is no play or movement.
- Conduct a final inspection for any visible defects or issues.

Disposal Instructions

When disposing of the M5 (.308) ATLAS RONE MLOK Handguard, please follow these guidelines:

- **Recycling:** If the handguard is made of aluminum, consider recycling it according to local regulations.
- **Waste Disposal:** If the handguard is damaged beyond repair, dispose of it in accordance with local waste management guidelines.
- **Environmental Considerations:** Do not dispose of the handguard in a manner that may harm the environment. Follow all applicable laws and regulations regarding disposal.

Contact Information for Further Support

For any questions or concerns regarding the M5 (.308) ATLAS RONE MLOK Handguard, please refer to your local retailer or the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your M5 (.308) ATLAS RONE MLOK Handguard. Thank you for prioritizing safety.
