**SNUB NOSE GRIP MODULE FOR SIG SAUER P365** Precision-Engineered Snub Nose: A replacement Sig Sauer P365 X-Macro Grip Module handle length but made for the Sig Sauer P365 X/XL slide, barrel, internals. No need to buy an X-Macro, just swap your existing parts to our Grip Module! Introduction:

Engineering in Compact Form Discover the epitome of engineering brilliance in a compact package: the Tyrant CNC Snub Nose SIG SAUER P365 Grip Module. Crafted through rigorous design cycles and exhaustive quality assessments, this grip module reimagines what compact efficiency should be. While we offer multiple configurations, including the X-Macro version, this Snub Nose version stands as a unique engineering achievement in the SIG SAUER P365 landscape. With just this Grip Module for the SIG P365 you will be able to transfer all your existing 365 FCU + components to create a true 17 round X-Macro carrying P365 with a 3.1" barrel and slide. All while being able to utilize your existing holster for the ultimate in cross compatibility. An Iterative

Triumph: The Path to Reliability Behind each Snub Nose grip module lies an intricate process of iterative engineering. Tyrant's dedicated team of engineers scrutinized every inch of the design, reworking it through multiple cycles to eliminate vulnerabilities and enhance operational strength. The result is a triumph of compact firearm engineering that stands in a class of its own. Homologation for Maximum Versatility What sets Tyrant's Snub Nose module apart is its carefully engineered homologation. While providing the extended handle length of the SIG SAUER P365 X-Macro, essential for the 17-round magazine, the barrel length stays true to the original P365's 3.1 inches. This ensures that the module is compatible with existing 3.1-inch holsters, offering a seamless transition without requiring additional accessories. Do you have the need for a slide safety? No problem, this grip module for the P365 allows for simple cut out, pre drafted, to be compatible with all Sig Sauer P365 manual safeties. Innovative Material Engineering: Compact Durability Utilizing a sophisticated blend of glass and carbon composites, the Snub Nose Grip Module achieves the paradox of being compact yet extraordinarily durable.

This balance is achieved by engineering away any potential failure points, creating a module that's both incredibly rigid and resistant to shattering or cracking. Ergonomic Excellence: A Grip that Adapts Intensive biomechanical research paved the way for Tyrant's Snub Nose version's optimized ergonomics. The module comes with engineered optional medium and large back straps, designed to conform to a multitude of hand sizes and shapes.

Even the texture—consisting of finely detailed 3D Tyrant logos—has been optimized for better grip and minimum hot spots. Summary: Choose Engineered Compactness **\*\*Designed for Reliability:\*\*** Each module undergoes rigorous engineering scrutiny for unmatched resilience. **\*\*Homologated for Versatility:\*\*** Ensures compatibility with 3.1-inch holsters, allowing for a seamless transition. **\*\*Material Innovation:\*\*** A proprietary blend of glass and carbon composites offers unparalleled durability. In a world where compact doesn't have to mean compromised, the Tyrant CNC Snub Nose SIG SAUER P365 Grip Module exemplifies the best in firearm engineering. It's not just about size; it's about efficiency, reliability, and performance. **FEATURES:** High grip undercut Trigger guard cut Medium length beavertail Variable depth texture to prevent hot spots Redesigned ergonomics for comfort during extended operation Medium and Large back straps included Hard use

approved proprietary composite material Works with manual safety (pre drafted) Works with all P365 Slides Fits existing 365, 365x, 365xl holsters

## Attributes

- Name: [TYRANT CNC SNUB NOSE GRIP MODULE FOR SIG SAUER P365 BLACK](#)
- Manufacturer: [TYRANT CNC](#)
- Product no.: 430111985
- Mfr. No.: TD-P365GRM-SNUB-BLK
- Colour: Black
- Material: Polymer
- Model: P365
- Style: Manual
- Surface: Textured
- Weapon type: Sig Sauer
- Delivery weight: 0.036kg
- Shipping height: 152mm
- Shipping width: 51mm
- Shipping length: 127mm
- UPC: 764046030949

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for SNUB NOSE GRIP MODULE FOR SIG SAUER P365

## Introduction

Thank you for choosing the Tyrant CNC Snub Nose Grip Module for your SIG Sauer P365. This safety instruction guide is designed to ensure the safe and effective use of your product. Please read this guide carefully to understand the safety precautions, installation instructions, and proper usage of the grip module.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the grip module by following the guidelines provided in this document.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If notified, follow the instructions for returning or remedying the product.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the contact information included with the product packaging.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Compatibility Check:** Ensure that the grip module is compatible with your SIG Sauer P365 model. It is designed for use with the P365 X/XL slide, barrel, and internals.
- **Installation Safety:** Follow all installation instructions carefully to avoid potential hazards.
- **Manual Safety:** If your P365 has a manual safety, ensure that the grip module is properly aligned to allow for its function.
- **Avoid Modifications:** Do not modify the grip module or attempt to alter its design, as this may compromise safety and functionality.
- **Regular Inspections:** Regularly inspect the grip module for any signs of wear or damage. Do not use if damaged.
- **Proper Handling:** Always handle your firearm safely and responsibly, following all standard firearm safety practices.

## Instructions for Installation and Usage

### 1. Remove Existing Grip Module:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing grip module by following the manufacturer's instructions.

### 2. Install the Snub Nose Grip Module:

- Align the grip module with the firearm's frame.
- Firmly press the grip module into place until it clicks securely.
- Ensure that all components are properly seated and that there are no gaps.

### 3. Attach Back Straps:

- Choose the appropriate back strap size (medium or large) based on your hand size.
- Align the back strap with the grip module and press it into place until it is secure.

#### 4. Check Functionality:

- Before using the firearm, ensure that all functions operate correctly.
- Test the manual safety (if applicable) to ensure it engages and disengages properly.

#### 5. Regular Maintenance:

- Clean the grip module regularly with a soft cloth to maintain its condition.
- Inspect for any signs of wear or damage and replace if necessary.

## Disposal Instructions

- **Disposal of Product:** When disposing of the grip module, follow local regulations regarding electronic waste and composite materials.
- **Environmental Considerations:** Do not dispose of the product in regular household waste. Instead, take it to a designated recycling center that accepts composite materials.

## Contact Information for Further Support

For any questions or concerns regarding the installation, usage, or safety of the Snub Nose Grip Module, please refer to the product packaging for the appropriate contact information.

By following these guidelines, you can ensure the safe and effective use of your Tyrant CNC Snub Nose Grip Module for SIG Sauer P365. Always prioritize safety and responsible handling of your firearm. Thank you for your attention to these important safety instructions.
