SNUB NOSE GRIP MODULE FOR SIG SAUER P365 Precision-Engineered Snub Nose: A replacement Sig Sauer P365 X-Macro Grip Module handle length but made for the Sig Sauer P365 X/XL slide, barrel, internals. No need to buy an X-Macro, just swap your existing parts to our Grip Module! Introduction:

Engineering in Compact Form Discover the epitome of engineering brilliance in a compact package: the Tyrant CNC Snub Nose SIG SAUER P365 Grip Module. Crafted through rigorous design cycles and exhaustive quality assessments, this grip module reimagines what compact efficiency should be. While we offer multiple configurations, including the X-Macro version, this Snub Nose version stands as a unique engineering achievement in the SIG SAUER P365 landscape. With just this Grip Module for the SIG P365 you will be able to transfer all your existing 365 FCU + components to create a true 17 round X-Macro carrying P365 with a 3.1" barrel and slide. All while being able to utilize your existing holster for the ultimate in cross compatibility. An Iterative

Triumph: The Path to Reliability Behind each Snub Nose grip module lies an intricate process of iterative engineering. Tyrant's dedicated team of engineers scrutinized every inch of the design, reworking it through multiple cycles to eliminate vulnerabilities and enhance operational strength. The result is a triumph of compact firearm engineering that stands in a class of its own. Homologation for Maximum Versatility What sets Tyrant's Snub Nose module apart is its carefully engineered homologation. While providing the extended handle length of the SIG SAUER P365 X-Macro, essential for the 17-round magazine, the barrel length stays true to the original P365's 3.1 inches. This ensures that the module is compatible with existing 3.1-inch holsters, offering a seamless transition without requiring additional accessories. Do you have the need for a slide safety? No problem, this grip module for the P365 allows for simple cut out, pre drafted, to be compatible with all Sig Sauer P365 manual safeties. Innovative Material Engineering: Compact Durability Utilizing a sophisticated blend of glass and carbon composites, the Snub Nose Grip Module achieves the paradox of being compact yet extraordinarily durable.

This balance is achieved by engineering away any potential failure points, creating a module that's both incredibly rigid and resistant to shattering or cracking. Ergonomic Excellence: A Grip that Adapts Intensive biomechanical research paved the way for Tyrant's Snub Nose version's optimized ergonomics. The module comes with engineered optional medium and large back straps, designed to conform to a multitude of hand sizes and shapes.

Even the texture—consisting of finely detailed 3D Tyrant logos—has been optimized for better grip and minimum hot spots. Summary: Choose Engineered Compactness ****Designed for Reliability:**** Each module undergoes rigorous engineering scrutiny for unmatched resilience. ****Homologated for Versatility:**** Ensures compatibility with 3.1-inch holsters, allowing for a seamless transition. ****Material Innovation:**** A proprietary blend of glass and carbon composites offers unparalleled durability. In a world where compact doesn't have to mean compromised, the Tyrant CNC Snub Nose SIG SAUER P365 Grip Module exemplifies the best in firearm engineering. It's not just about size; it's about efficiency, reliability, and performance. **FEATURES:** High grip undercut Trigger guard cut Medium length beavertail Variable depth texture to prevent hot spots Redesigned ergonomics for comfort during extended operation Medium and Large back straps included Hard use

approved proprietary composite material Works with manual safety (pre drafted) Works with all P365 Slides Fits existing 365, 365x, 365xl holsters

Attributes

- Name: [TYRANT CNC SNUB NOSE GRIP MODULE FOR SIG SAUER P365 O.D. GREEN](#)
- Manufacturer: [TYRANT CNC](#)
- Product no.: 430111987
- Mfr. No.: TD-P365GRM-SNUB-OD
- Colour: O.D. Green
- Material: Polymer
- Model: P365
- Style: Manual
- Surface: Textured
- Weapon type: Sig Sauer
- Delivery weight: 0.036kg
- Shipping height: 152mm
- Shipping width: 51mm
- Shipping length: 127mm
- UPC: 764046030963

Safety Instruction Guide for SNUB NOSE GRIP MODULE FOR SIG SAUER P365

Introduction

Thank you for choosing the SNUB NOSE GRIP MODULE FOR SIG SAUER P365. This product is designed to enhance your firearm's ergonomics and performance. To ensure safe and effective use, please read this safety instruction guide carefully. It contains important information regarding safety guidelines, installation, usage, and disposal.

General Safety Guidelines

- **Product Safety:** This Grip Module is designed to meet safety standards for nonfood products, ensuring safe use for all consumers.
- **Enhanced Recalls:** In the event of a safety concern, standardized recall notices will be provided, and remedies will be offered free of charge.
- **Online Shopping Protections:** Online purchases of this product are protected under the same safety regulations as physical store purchases.
- **Special Consumer Focus:** Extra precautions are in place to protect vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For any safety inquiries, please reach out to the designated EU-based contact point.
- **Rapid Alerts:** Stay informed about safety updates and recalls through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Compatibility:** Ensure that this Grip Module is compatible with your Sig Sauer P365 before installation.
- **Inspection:** Before each use, inspect the Grip Module for any visible damage or defects. Do not use if damaged.
- **Manual Safety:** If your firearm is equipped with a manual safety, ensure that the Grip Module is properly installed to accommodate it.
- **Proper Handling:** Always treat your firearm as if it is loaded. Keep the muzzle pointed in a safe direction and your finger off the trigger until ready to shoot.
- **Training:** Only use this product if you have received proper training in firearm handling and safety.
- **Storage:** Store your firearm in a secure location, and ensure that the Grip Module is not accessible to unauthorized users.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and the magazine is removed.
- Remove the existing grip module from your Sig Sauer P365 following the manufacturer's instructions.
- Align the Snub Nose Grip Module with the firearm's frame, ensuring that all components fit correctly.
- Securely attach the Grip Module, making sure it is firmly in place.
- If applicable, ensure that the manual safety cutout aligns with the firearm's safety mechanism.

2. Usage:

- Once installed, practice holding the firearm to ensure a comfortable grip.
- Test the functionality of the firearm, ensuring that all components operate correctly with the new Grip Module.

- Regularly check the Grip Module for wear and tear, and replace if necessary.

Disposal Instructions

- **Responsible Disposal:** Dispose of any packaging materials in accordance with local regulations.
- **NonFunctional Parts:** If the Grip Module becomes damaged beyond repair, dispose of it in a manner that prevents misuse.
- **Environmental Considerations:** Do not dispose of in regular household waste. Follow local guidelines for disposal of composite materials.

Contact Information for Further Support

For any additional questions or concerns regarding the SNUB NOSE GRIP MODULE FOR SIG SAUER P365, please refer to the designated EUbased contact point for assistance.

Thank you for prioritizing safety and compliance while using your new Grip Module. Your attention to these guidelines helps ensure a safer experience for you and those around you.
