

ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR LEE BREECHLOCK CHALLNGR SGL STGE PRESS

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps you comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

Safety Instruction Guide for ERGO ROLLER LEVER FOR RELOADING PRESSES

Introduction

Thank you for choosing the ERGO Roller Lever for Reloading Presses by Inline Fabrication. This product is designed to enhance your reloading experience while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

- Ensure safe use of the ERGO Roller Lever by following all instructions provided.
- Be aware of potential hazards associated with reloading equipment, including but not limited to:
 - Pinching hazards from moving parts.
 - Risk of injury from improper handling of tools and materials.
- Always use the product in accordance with the manufacturer's guidelines.
- Keep the product out of reach of children and vulnerable individuals.
- In case of an emergency or unsafe condition, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the reloading press.
- Ensure that the reloading area is clean and free from clutter to prevent accidents.
- Do not exceed the recommended load limits for the reloading press.
- Check all components for damage or wear before each use.
- Never attempt to modify or alter the ERGO Roller Lever or any associated equipment.
- Be aware of your surroundings and ensure that no bystanders are in close proximity while operating the equipment.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is turned off and unplugged before installation.
- Remove any existing lever from the reloading press according to the manufacturer's instructions.
- Align the ERGO Roller Lever with the mounting point on the press.
- Secure the lever using the provided screws and tools, ensuring it is tightly fastened.
- Check that the lever moves freely without obstruction.

2. Usage:

- Stand comfortably in front of the reloading press with your feet shoulderwidth apart.
- Grip the roller handle firmly but comfortably.
- Use a smooth, controlled motion to operate the lever, avoiding sudden jerks or excessive force.
- Always keep your hands and other body parts clear of moving parts during operation.
- Regularly inspect the lever and press for any signs of wear or damage.

Disposal Instructions

- Dispose of the ERGO Roller Lever in accordance with local regulations for electronic and mechanical waste.
- If the product is damaged or no longer usable, ensure it is disposed of in a way that minimizes

environmental impact.

- Recycle materials wherever possible.

Contact Information for Further Support

For further assistance or inquiries regarding safety, please refer to the manufacturer's website or contact their support team. It is important to have access to professional help for any safety concerns or product issues.

By following these guidelines, you can ensure a safe and effective reloading experience with the ERGO Roller Lever. Thank you for prioritizing safety in your reloading activities.
