

ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR LEE CLASSIC TURRET PRESS

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps you comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

Safety Instruction Guide for ERGO Roller Lever for Reloading Presses

Introduction

Thank you for choosing the ERGO Roller Lever for your reloading press. Inline Fabrication is committed to providing highquality accessories that enhance your reloading experience. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Ensure that the reloading area is welllit and organized to prevent accidents.
- Do not exceed the recommended load specifications for your reloading press.
- Be cautious when handling powders and primers; store them safely and securely.
- Keep hands and other body parts clear of moving parts during operation.
- Avoid distractions while using the reloading press to maintain focus and safety.

Instructions for Installation and Usage

Installation Steps

1. Unbox the Product:

- Carefully remove the ERGO Roller Lever from its packaging.
- Ensure all components are present and undamaged.

2. Prepare the Reloading Press:

- Ensure your reloading press is clean and properly set up.
- Disconnect any power source if applicable.

3. Attach the ERGO Roller Lever:

- Align the lever with the designated attachment point on the reloading press.
- Securely fasten the lever using the provided screws or fasteners.
- Ensure that the lever moves freely without obstruction.

4. Check for Proper Installation:

- Test the lever by moving it through its range of motion.
- Ensure there are no loose components and that everything is securely attached.

Usage Instructions

- Position yourself comfortably at the reloading press.
- Use the roller handle to operate the lever smoothly.
- Always check your powder charge before placing a bullet to ensure accuracy.
- Maintain a stable posture to avoid strain during prolonged use.
- After use, clean the lever and surrounding area to maintain functionality.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling materials where possible.
- Do not dispose of the product in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or support related to the ERGO Roller Lever, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Enjoy a safe and efficient reloading experience with your new ERGO Roller Lever!
