

ERGO ROLLER LEVER FOR RELOADING PRESSES - INLINE FABRICATION ERGO ROLLER LEVER FOR LEE SIX PACK PRO 6000 PRESS

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Inline Fabrication manufactures several accessories to enhance your reloading experience. Each Ergo Roller lever is made specifically for a specific model of press to position you in the most ergonomic reloading position. The forward offset design of the ergonomic levers snug you into your press, positions you perfectly to see your powder charge before placing a bullet, keeps you from bending/leaning over time after time and keeps you comfortable through-out your reloading session. The roller handle is super smooth and a dream to use. The levers are lathe cut & threaded; then black powder coated. The roller bearing handle is very comfortable diameter to grip and a dream to use.

Safety Instruction Guide for ERGO ROLLER LEVER FOR RELOADING PRESSES

Introduction

Thank you for choosing the ERGO ROLLER LEVER FOR RELOADING PRESSES by Inline Fabrication. This product is designed to enhance your reloading experience while ensuring safety and comfort. Please read this safety instruction guide carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Ensure that the reloading press is placed on a stable surface before installation.
- Always wear appropriate safety gear, such as safety glasses and gloves, when reloading.
- Keep the workspace clean and free from distractions to prevent accidents.
- Store all reloading materials and tools out of reach of children.
- Regularly inspect the lever and press for wear or damage before each use.
- Follow all manufacturer instructions and guidelines for your specific reloading press model.

Specific Safety Precautions for Use

- Do not exceed the recommended load capacity of the reloading press.
- Be aware of the potential risks associated with handling gunpowder and ammunition.
- Ensure that the lever is securely attached to the press before use.
- Avoid placing hands or fingers near moving parts during operation.
- If you experience any unusual sounds or resistance while using the lever, stop immediately and inspect for issues.
- Do not attempt to modify or alter the lever or press in any way.

Instructions for Installation and Usage

Installation

1. **Unbox the Product:** Carefully remove the ERGO ROLLER LEVER from its packaging.
2. **Check Components:** Ensure all components are present as per the product specifications.
3. **Attach the Lever:**
 - Locate the mounting point on your reloading press.
 - Align the lever with the mounting point.
 - Secure the lever using the provided screws, ensuring it is tightly fastened.
4. **Test the Installation:** Gently pull the lever to ensure it moves smoothly and is securely attached.

Usage

1. **Positioning:** Stand comfortably in front of the reloading press, ensuring that the lever is at a height that allows for ergonomic use.
2. **Loading Powder:** Before placing a bullet, check the powder charge using the lever to maintain proper alignment.
3. **Using the Roller Handle:** Grip the roller handle firmly and pull it down smoothly to operate the press.
4. **Monitoring:** Continuously monitor the operation for any signs of malfunction or discomfort.

Disposal Instructions

- Dispose of the ERGO ROLLER LEVER responsibly at a local recycling center or as per local regulations.
- Ensure that any packaging materials are recycled or disposed of according to local waste management

guidelines.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please reach out to the manufacturer. Ensure that you have the product model and serial number available for reference.

By following these guidelines and instructions, you can ensure a safe and effective reloading experience with the ERGO ROLLER LEVER FOR RELOADING PRESSES. Thank you for your attention to safety and proper use.
