

DOUBLE STORAGE DOCK FOR QUICK CHANGE TOP PLATES

These wall/bench/Inline rail mount storage docks secure your QC top plates when they are not installed in your quick-change base. Keeps them up out of the way and organized. Includes hardware. Double dock is 13.5" long. Note: The single dock is recommended if your press/item mounted on your QC top plate exceeds 8" wide. (I.e, Presses with case ejectors, Side bin systems, Dillon 550, Frankford Arsenal "M" press, etc) because you won't be able to dock them side by side on a double storage dock.

DOUBLE STORAGE DOCK FOR QUICK CHANGE TOP PLATES

Safety Instruction Guide

Introduction

Thank you for choosing the DOUBLE STORAGE DOCK FOR QUICK CHANGE TOP PLATES by INLINE FABRICATION. This product is designed to securely store your quickchange (QC) top plates when not in use, keeping them organized and out of the way. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the storage dock is installed securely to prevent it from falling or causing injury.
- Regularly inspect the dock for any signs of wear or damage.
- Keep the storage dock and top plates out of reach of children and pets.
- Only use the storage dock for its intended purpose; do not exceed the recommended weight limits.
- In case of any malfunction or damage, discontinue use immediately and contact customer support.

Specific Safety Precautions for Use

- Do not attempt to mount the storage dock if you are unsure of your ability to do so safely.
- Ensure that the area around the storage dock is clear of obstacles to avoid tripping hazards.
- Always use the hardware provided to secure the dock; do not substitute with other materials.
- When storing top plates, ensure they are properly seated in the dock to prevent them from falling.
- If using a double dock, do not store items that exceed 8" in width side by side, as this may lead to instability.

Instructions for Installation and Usage

1. Installation:

- Select a suitable location on a wall, bench, or inline rail for the storage dock.
- Use a level to ensure the dock will be installed straight.
- Mark the drill points using the dock as a template.
- Drill holes at the marked points and insert anchors if necessary.
- Secure the dock to the surface using the provided hardware.

2. Usage:

- Place the QC top plates into the dock, ensuring they are properly aligned and secured.
- Regularly check the dock to ensure that the top plates remain secure and that the dock remains stable.
- If you notice any instability or wear, remove the top plates and inspect the dock for damage.

Disposal Instructions

- When the DOUBLE STORAGE DOCK is no longer needed, please dispose of it responsibly.
- Check local regulations for disposal of hardware and plastic materials.
- Recycle components where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or support regarding the DOUBLE STORAGE DOCK FOR QUICK CHANGE TOP PLATES,
