## DOUBLE STORAGE DOCK FOR QUICK CHANGE TOP PLATES

[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

These wall/bench/Inline rail mount storage docks secure your QC top plates when they are not installed in your quick-change base. Keeps them up out of the way and organized. Includes hardware. Double dock is 13.5" long. Note: The single dock is recommended if your press/item mounted on your QC top plate exceeds 8" wide. (I.e, Presses with case ejectors, Side bin systems, Dillon 550, Frankford Arsenal "M" press, etc) because you won't be able to dock them side by side on a double storage dock.

## Safety Instruction Guide

### Introduction

Thank you for choosing the Double Storage Dock for Quick Change Top Plates by Inline Fabrication. This guide provides important safety instructions to ensure the safe use, installation, and disposal of the product. Please read this manual carefully before using the storage dock.

### General Safety Guidelines

- Ensure that the storage dock is installed on a stable surface to prevent tipping or falling.
- Keep the storage dock out of reach of children to avoid accidental injuries or misuse.
- Regularly inspect the storage dock for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Use only the hardware provided with the storage dock for installation to ensure safety and stability.
- Do not exceed the recommended weight limit for the storage dock to prevent structural failure.

### Specific Safety Precautions for Use

- Only use the storage dock for its intended purpose: to secure QC top plates when not in use.
- Ensure that the QC top plates are properly secured in the dock to prevent them from falling.
- Avoid placing heavy or unstable items on top of the storage dock.
- If your press or item mounted on the QC top plate exceeds 8 inches in width, consider using a single dock instead of a double dock to ensure safe storage.
- Handle the storage dock with care during installation and use to avoid injury.

### Instructions for Installation and Usage

#### 1. Installation:

- Choose a suitable location for the storage dock, ensuring it is on a flat and stable surface.
- Use the provided hardware to secure the dock to a wall, bench, or inline rail. Follow these steps:
  - Mark the position of the dock on the surface.
  - Drill holes as needed based on the hardware specifications.
  - Attach the dock securely using screws and anchors provided.
- Ensure the dock is firmly mounted before placing any items on it.

#### 2. Usage:

- Place your QC top plates into the storage dock when not in use, ensuring they are fully seated and secure.
- Organize the plates in a manner that allows easy access while keeping them safe.
- Regularly check that the plates remain secure and that the dock is stable.

### Disposal Instructions

- Dispose of the storage dock according to local regulations for nonfood product waste.
- If the dock is damaged beyond repair, ensure it is disposed of in a manner that prevents any harm to the environment or public safety.
- Recycle materials where possible, following local recycling guidelines.

## **Contact Information for Further Support**

For any questions or concerns regarding the Double Storage Dock for Quick Change Top Plates, please contact the manufacturer or refer to your retailer for assistance. It is important to address any safety inquiries promptly.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of the Double Storage Dock for Quick Change Top Plates. Always prioritize safety when using the product and keep this guide for future reference. Thank you for your commitment to safety and quality.
