

QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS - QC ULTRAMOUNT TOP PLATE/BOLT FOR LEE SIX PACK PRO 6000 PRESS

Inline Fabrication manufactures several accessories to enhance your reloading experience. One mount, countless uses! A challenge for the modern reloader is sometimes they have more presses, calibers, case prep tools or desktop gadgets than available bench space. Trying to work in a crowded, cramped space is not an enjoyable thing. This is where the Quick Change system comes in. By using 1 or 2 of the quick change Ultramounts, you can have one press mounted, but store the rest of your equipment up and out of the way on the wall using Inline's QC storage docks (sold separate). Maybe you bring your press into the house from the garage after reloading, take it to the weekend cabin, a buddies house, etc. It literally takes 30 seconds to remove it, stow it and swap it out with another. It has the ROCK solid rigidity of a fixed mount with the convenience and efficiency of quick change. These Quick Change Top Plates include the needed mounting hardware to bolt right up to your Quick Change Ultramount (Sold Separate). Also includes options for case prep tool Top Plates and popular vises for your gun building needs.
NOTE: SKU 430112070 (UTP5.1) QC kit for Lee Pro1000 press w/bin bracket is not for the new 2018 Lee Pro 1000 presses.

Safety Instruction Guide for QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS QC ULTRAMOUNT TOP PLATE/BOLT FOR LEE SIX PACK PRO 6000 PRESS

Introduction

Thank you for choosing the QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS. This product is designed to enhance your reloading experience by providing a versatile and efficient mounting solution for your reloading presses. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product text.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for installation and usage.
- Report any unsafe conditions or incidents involving the product to the appropriate authorities.

Specific Safety Precautions for Use

- **Mounting Safety:**
 - Ensure that the surface where the Ultramount is installed is stable and can support the weight of the press and any additional equipment.
 - Use all provided mounting hardware to secure the Ultramount properly.
- **Press Operation:**
 - Always ensure that the press is securely mounted before operating.
 - Do not attempt to operate the press while it is in the process of being mounted or dismounted.
- **Storage:**
 - Store all equipment in a dry place to prevent rust or corrosion.
 - When not in use, stow the press and any accessories safely to avoid accidents.

Instructions for Installation and Usage

1. Installation of the Ultramount:

- Select a suitable location on your workbench for the Ultramount.
- Use the provided mounting hardware to secure the Ultramount to the workbench.
- Ensure that the Ultramount is level and stable before proceeding.

2. Mounting the Press:

- Align the holes on the Quick Change Top Plate with the mounting holes on your press.
- Use the included bolts to secure the Top Plate to the press.
- Once secured, attach the press to the Ultramount by following the Quick Change system instructions.

3. Using the Quick Change System:

- To change presses, simply detach the press from the Ultramount by following the manufacturer's

instructions.

- Store the removed press safely and securely.
- Repeat the mounting process with the new press as needed.

4. Regular Maintenance:

- Periodically check the tightness of all bolts and connections.
- Clean the Ultramount and Top Plates to ensure smooth operation.

Disposal Instructions

- Dispose of the product and any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste. Check for local recycling options for metal and plastic components.

Contact Information for Further Support
