

QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS - QC ULTRMNT TOP PLATE/BOLT FOR SHORT ACTION CUSTOM NEXUS PRES

Inline Fabrication manufactures several accessories to enhance your reloading experience. One mount, countless uses! A challenge for the modern reloader is sometimes they have more presses, calibers, case prep tools or desktop gadgets than available bench space. Trying to work in a crowded, cramped space is not an enjoyable thing. This is where the Quick Change system comes in. By using 1 or 2 of the quick change Ultramounts, you can have one press mounted, but store the rest of your equipment up and out of the way on the wall using Inline's QC storage docks (sold separate). Maybe you bring your press into the house from the garage after reloading, take it to the weekend cabin, a buddies house, etc. It literally takes 30 seconds to remove it, stow it and swap it out with another. It has the ROCK solid rigidity of a fixed mount with the convenience and efficiency of quick change. These Quick Change Top Plates include the needed mounting hardware to bolt right up to your Quick Change Ultramount (Sold Separate). Also includes options for case prep tool Top Plates and popular vises for your gun building needs.

NOTE: SKU 430112070 (UTP5.1) QC kit for Lee Pro1000 press w/bin bracket is not for the new 2018 Lee Pro 1000 presses.

Safety Instruction Guide for QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS

Introduction

Thank you for choosing the QUICK CHANGE ULTRA MOUNT TOP PLATE & BOLT KITS. This product is designed to enhance your reloading experience while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use and maintain the product safely.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the mounting surface is stable and secure before installation.
- Use appropriate tools when installing or adjusting the product to avoid injury.
- Do not overload the mount with excessive weight beyond its rated capacity.
- Make sure all bolts and fittings are tightened securely before use.
- Avoid placing any body parts or loose clothing near moving parts during operation.
- If using power tools in conjunction with this product, follow all safety guidelines associated with those tools.

Instructions for Installation and Usage

Installation

1. **Select a Suitable Location:** Choose a sturdy workbench or surface that can support the weight of the press and equipment.
2. **Prepare the Mount:** Ensure that the QUICK CHANGE ULTRA MOUNT is clean and free from debris.
3. **Attach the Top Plate:**
 - Align the mounting holes of the Top Plate with the Ultramount.
 - Insert the provided bolts through the holes and tighten securely using the appropriate tools.
4. **Check Stability:** Once installed, test the stability of the mount before placing any equipment on it.

Usage

1. **Mounting a Press:**
 - Align the press with the Top Plate.
 - Secure the press using the mounting hardware provided.
 - Ensure that the press is firmly attached before use.
2. **Switching Equipment:**
 - To remove the press, loosen the mounting hardware and carefully detach it from the Top Plate.
 - Store the press in a safe location when not in use.
 - Repeat the mounting process for any additional equipment as needed.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is damaged, contact local waste management for proper disposal methods.
