ALPHA TANK BRAKE Safety Instruction Guide

Introduction

Thank you for purchasing the ALPHA TANK BRAKE manufactured by Midwest Industries, Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. It is important to read and understand these instructions before installation and use.

General Safety Guidelines

- Ensure that the ALPHA TANK BRAKE is installed by a qualified gunsmith or experienced individual.
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the brake for any signs of wear or damage.
- Store the ALPHA TANK BRAKE in a safe and secure location, away from children and unauthorized users.
- Never use the product if it appears damaged or malfunctioning.
- Be aware of your surroundings when using firearms equipped with this brake to avoid accidents.
- Always comply with local laws and regulations regarding firearm modifications and use.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Muzzle rise can affect accuracy and control. Proper use of the brake can help mitigate this.
- Improper installation may lead to firearm malfunction or injury.
- Ensure that the brake is compatible with your firearm's specifications before installation.

- **Avoiding Hazards:**

- Always ensure the firearm is unloaded before installing or removing the brake.
- Use appropriate tools and techniques for installation to prevent damage.
- Wear appropriate safety gear, including eye protection, when using firearms.
- Be cautious of the increased noise level when firing a firearm equipped with a muzzle brake.

- **AgeSpecific Warnings:**

- This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

Installation Instructions

1. Tools Required:

- Armorer's wrench or appropriate tool for your firearm.
- Torque wrench (if required by your firearm specifications).
- Thread locker (optional).

2. Installation Steps:

- Ensure the firearm is completely unloaded.
- Remove the existing muzzle device, if applicable.
- Clean the threads on the barrel to remove any debris.
- Align the ALPHA TANK BRAKE with the barrel threads.
- Handtighten the brake onto the barrel.

- Use the armorer's wrench to tighten the brake to the manufacturer's recommended torque specifications.
- Apply thread locker if specified by the firearm manufacturer.
- Check that the brake is securely attached before use.

Usage Instructions

- When firing, maintain a firm grip on the firearm to control recoil.
- Always aim in a safe direction and follow all firearm safety rules.
- Monitor the brake for any signs of wear or damage after use.

Disposal Instructions

- Dispose of the ALPHA TANK BRAKE in accordance with local regulations.
- Do not dispose of the brake in regular household waste.
- Contact local recycling centers or hazardous waste disposal facilities for guidance on safe disposal.

Contact Information for Further Support

For any inquiries regarding the ALPHA TANK BRAKE, please refer to the manufacturer's website or contact their customer service. It is important to have the product information ready for any support you may require.

By following these safety guidelines and instructions, you can ensure the safe use of your ALPHA TANK BRAKE. Thank you for choosing Midwest Industries, Inc. for your firearm accessories.
