# M2A1 50 Cal Ammo Can Safety Instructions

## Introduction

Thank you for choosing the M2A1 50 Caliber Ammo Can. This product is designed to protect your ammunition and gear from the elements, ensuring safe and reliable storage. This guide provides essential safety instructions to help you use this product effectively while complying with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the ammo can is used only for its intended purpose.
- Store the ammo can in a cool, dry place, away from direct sunlight and extreme temperatures.
- Regularly inspect the ammo can for any signs of damage or wear.
- Keep the ammo can out of reach of children and vulnerable individuals.
- Always follow local regulations regarding the storage of ammunition and hazardous materials.

## Specific Safety Precautions for Use

- **Weight Limit:** Do not exceed the internal weight capacity of 34 lbs to prevent damage or injury.
- **Stacking:** Ensure that the ammo can is stacked securely to prevent it from toppling over.
- **Lid Operation:** Always ensure that the lid is closed properly to maintain the waterproof integrity of the can.
- **Transport:** Use the integrated handle to carry the ammo can. Do not lift the can by the lid.
- **Ammunition Storage:** Ensure that ammunition is stored in a manner that prevents movement within the can, reducing the risk of accidental discharge.

## Instructions for Installation and Usage

### 1. Initial Inspection:

- Check the ammo can for any visible damage or defects before use.
- Ensure that the internal rubber gasket is intact for waterproofing.

### 2. Loading the Ammo Can:

- Open the detachable lid by releasing the front latch.
- Load ammunition or gear into the can, ensuring that it does not exceed the weight capacity.
- For optimal storage, consider the following approximate capacities:
  - 12 Gauge: 250 rounds
  - 308: 640 rounds
  - 223: 1,200 rounds
  - 45ACP: 1,300 rounds
  - 9mm: 2,200 rounds

### 3. Closing the Ammo Can:

- After loading, place the lid back on the can.
- Ensure the rubber gasket fits snugly between the lid and the body.
- Secure the lid by fully closing the front latch.

### 4. Transporting the Ammo Can:

- Use the integrated handle for easy transport. Ensure the can is securely closed before moving.

### 5. Storing the Ammo Can:

- Place the ammo can on a stable surface, such as a shelf or in a basement.
- Avoid stacking other items on top of the ammo can to prevent damage.

## **Disposal Instructions**

- Dispose of the ammo can in accordance with local regulations regarding metal and hazardous waste.
- If the ammo can is damaged beyond repair, consider recycling it at a designated facility.

## **Contact Information for Further Support**

For safety inquiries or to report unsafe products, please consult the appropriate EU contact points or local authorities. Remember to check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Thank you for your attention to these safety guidelines. Proper use and care of your M2A1 50 Caliber Ammo Can will ensure its longevity and effectiveness in protecting your ammunition and gear.
