Safety Instruction Guide for AK Alpha Series Krink Quad Rail Handguard

Introduction

Thank you for choosing the AK Alpha Series Krink Quad Rail Handguard by Midwest Industries, Inc. This product is designed to enhance your firearm's functionality while ensuring safety during use. Please read this safety instruction guide carefully to understand the proper handling, installation, and maintenance of the handguard.

General Safety Guidelines

- Ensure that you are familiar with the operation of your firearm before installing or using the handguard.
- Always handle firearms with care and treat every firearm as if it is loaded.
- Store the handguard and all firearm accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the handguard and firearm for any signs of wear or damage.
- If you encounter any issues or have questions about the product, seek assistance from a qualified gunsmith.

Specific Safety Precautions for Use

- Only use the handguard with compatible firearms, specifically Bulgarian patterned AK Krinks, including PSA firearms.
- Do not attempt to fit the handguard with standard Midwest Industries Alpha accessories, as this may cause improper functioning or damage.
- Ensure that the firearm is unloaded before installation or maintenance of the handguard.
- Be cautious when attaching accessories to the 1913 rail space to avoid interference with the firearm's operation.
- If your firearm is not straight, consult with a gunsmith for proper installation to prevent misalignment or damage.

Instructions for Installation and Usage

1. Preparation:

- Verify that the firearm is unloaded and safe to handle.
- Gather necessary tools for installation, which may include a wrench or screwdriver.

2. Installation Steps:

- Remove the existing handguard from the firearm, if applicable.
- Align the AK Alpha Series Krink Quad Rail Handguard with the firearm's receiver and handguard cap.
- Gently press the handguard into place, ensuring all contact points are secure.
- If needed, make slight adjustments based on the receiver size and handguard cap position. If the fit is not correct, consult a gunsmith.
- Once installed, check that the handguard is firmly attached and does not wobble.

3. Usage:

- Use the multiple QD points for sling attachments as needed.
- Regularly check the stability of the handguard during use, especially after heavy firing sessions.
- Clean the handguard with a soft cloth and mild cleaning solution to maintain its appearance and

functionality.

Disposal Instructions

- When disposing of the handguard, follow local regulations regarding the disposal of aluminum and firearm accessories.
- If the handguard is damaged beyond repair, consider recycling the aluminum material at an appropriate facility.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the product documentation or contact the manufacturer directly through the provided channels.

By following these guidelines, you will ensure safe and effective use of your AK Alpha Series Krink Quad Rail Handguard. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
