

# **ZERO M-SERIES SIZING DIES - AREA 419 ZERO M-SERIES 223 REMINGTON SIZING DIE W/ZERO SHELL HOLDER**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The ZERO M-Series Sizing die is the culmination of years of testing, research, trial, error, frustration, and finally, discoveries. As Reloaders, Area 419 knew they needed a die to do certain things, but as the makers of the ZERO Reloading Press, Area 419 also learned a huge amount about what other dies did well or did poorly, and what customers were struggling with on a daily basis. With the ZERO M-Series Sizing Die, Area 419 produced a sizing die that is capable of producing the finest, match-grade ammunition, as well as being user-friendly to new and learning reloaders. Sizing brass doesn't have to be complicated. It doesn't have to require years of trial and error. It just needs equipment, made with the end-user in mind, designed with the understanding that a die is part of an ecosystem of parts. A press, a die, the brass, the rifle - they all have to work together and be designed with one another in mind. This is that. Introducing, the ZERO M-Series Sizing Die. KEY FEATURES Micrometer Adjustable Headspace/Shoulder Bump Precision Ground Expander Mandrels (all dies ship with a .002 neck tension mandrel, or add more increments with Area 419's MANDREL KIT) Full-Length Neck to Extractor Sizing Spring Ejection for Spent Primers Replaceable Steel Decap Pins Reamer Cut to Exacting Dimensions for a TRUE Size (no more sticky bolt after the second firing) Hydraulic Shoulder Pressure Relief 100% Made in AMERICA All dies ship with an Area 419 ZERO Die Ring, a spare decapping pin and necessary install/removal tools. After testing them all, and finding everything Area 419 like and didn't like, and working with thousands of customers and a variety of industry partners, they believe this is what a sizing die should be. Area 419 think you'll agree. NOTE: THIS IS A 1-1/4" DIE, AND REQUIRES A HYBRID OR 1-1/4" TURRET ON YOUR ZERO (OR OTHER PRESS). IT CANNOT BE USED WITH A 7/8" TURRET OR OTHER 7/8" PRESS.

## **Attributes**

- Name: [AREA 419 ZERO M-SERIES 223 REMINGTON SIZING DIE W/ZERO SHELL HOLDER](#)
- Manufacturer: [AREA 419](#)

# ZERO MSeries Sizing Die Safety Instructions

## Introduction

Thank you for choosing the ZERO MSeries Sizing Die. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new reloading equipment. Please read this manual carefully before use.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that the workspace is clean, organized, and free from distractions.
- Keep the Sizing Die and all components out of reach of children and unauthorized users.
- Always wear appropriate safety gear, such as safety glasses and gloves, when using reloading equipment.
- Familiarize yourself with local laws and regulations regarding reloading and ammunition manufacturing.
- Regularly inspect the Sizing Die for any signs of wear or damage before each use.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper use may lead to equipment malfunction or personal injury.
- Always ensure the die is properly installed before use.
- Avoid overtightening components, which may lead to damage.

### • Avoiding Hazards:

- Follow the installation instructions carefully.
- Do not use the Sizing Die with incompatible presses or components.
- Use only the recommended brass and components with the Sizing Die.
- Do not exceed the recommended load specifications during reloading.

### • Age Restrictions:

- This product is not intended for use by individuals under the age of 18. Ensure that minors are supervised by an adult when using the equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the ZERO MSeries Sizing Die is compatible with your reloading press.
- Securely mount the die into the press using the provided tools.
- Confirm that the die is tightened to avoid any movement during operation.

### 2. Usage:

- Prepare your brass by cleaning and inspecting it for damage.
- Insert the brass case into the die and ensure it is seated correctly.
- Operate the press smoothly and steadily to size the brass.
- After sizing, check the brass for proper fit and dimension.
- Eject the spent primer using the spring ejection feature.

### 3. PostUse Care:

- Clean the Sizing Die after each use to prevent residue buildup.
- Store the die in a dry, cool place away from direct sunlight and moisture.
- Regularly check and replace any worn components, such as decap pins.

## Disposal Instructions

- Dispose of any damaged or broken parts in accordance with local regulations.
- Recycle materials whenever possible.
- Do not dispose of the Sizing Die or components in regular household waste.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the ZERO MSeries Sizing Die, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

By following these safety instructions, you can ensure a safer reloading experience with the ZERO MSeries Sizing Die. Always prioritize safety and best practices while enjoying your reloading hobby.
