

ZERO UNIVERSAL DECAPPING DIE

ZERO UNIVERSAL DECAPPING DIE Primer drawback sucks. It's frustrating, and can cause all sorts of process inconveniences. So, let's get them the heck out of the way. The Area 419 ZERO Universal Decapper (Universal because it'll work with any common press, or any common cartridge) has a spring loaded decapping pin, with replaceable heads, so you can send primers straight to hell the trash bin with no headaches, no drawback, and a satisfying "ping". The body of the die is aluminum, with all of the moving parts being of steel construction. This die will work with cases up to and including 338 Lapua length/diameter with no need for different inserts, and is compatible with any common press or shellholder. NOTE: Not for use with cartridges 20 cal or smaller.

Safety Instruction Guide for ZERO Universal Decapping Die

Introduction

Thank you for choosing the ZERO Universal Decapping Die by AREA 419. This product is designed to simplify the decapping process during reloading, ensuring a smooth and effective experience. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

General Safety Guidelines

- Ensure that the ZERO Universal Decapping Die is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Store the die in a safe and dry place when not in use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Do not use the ZERO Universal Decapping Die with cartridges smaller than 20 cal.
- Ensure that the press you are using is compatible with the ZERO Universal Decapping Die.
- Always make sure that the die is securely attached to the press before use.
- Avoid placing your hands or any body part near the moving parts during operation.
- Do not attempt to modify the die or use it for purposes other than intended.
- If you experience any malfunctions or difficulties, cease use immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and free from debris.
- Attach the ZERO Universal Decapping Die to the press by following these steps:
 - Insert the die into the press as per the manufacturer's guidelines.
 - Tighten the die securely to prevent any movement during operation.
 - Ensure the decapping pin is in the correct position.

2. Usage:

- Place the cartridge case into the shell holder of the press.
- Pull the handle of the press to raise the cartridge case against the decapping pin.
- The decapping pin will push the primer out of the case with a satisfying "ping".
- Inspect the case to ensure that the primer has been removed completely.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of used primers and any other waste materials in accordance with local regulations.
- Do not throw used primers in regular trash; check for local recycling or hazardous waste disposal options.
- Ensure that any damaged or worn parts of the die are disposed of properly.

Contact Information for Further Support
