

ZERO DIE REPLACEMENT DECAPPING PINS - AREA 419 ZERO DIE REPLACEMENT DECAPPING PINS 3-PACK

[Reloading](#) > [Case Cleaning](#) > [Decapping Dies & Accessories](#)

ZERO DIE REPLACEMENT DECAPPING PINS Every one of Area 419's ZERO Sizing Dies comes with a precision turned decapping pin, made of super high-quality 17-4 PH stainless steel. And despite all of that, you'll probably eventually find a way to break one. They won't ask why, they won't be upset - maybe a bit disappointed, but not upset - but here is where you find that replacement. Just need one? Gotcha. Want to go ahead and have the 3-pack around for those "just in case" scenarios? Gotcha there too.

ZERO DIE REPLACEMENT DECAPPING PINS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the ZERO Die Replacement Decapping Pins by Area 419. This guide provides essential safety instructions and guidelines to ensure safe use of the product. Please read this guide carefully before using the decapping pins to ensure a safe and effective experience.

General Safety Guidelines

- Ensure that the decapping pins are used only for their intended purpose.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Inspect the decapping pins for any signs of damage before each use. Do not use if damaged.
- Store the decapping pins in a safe and secure location when not in use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Handle the decapping pins with care to avoid injury.
- Use appropriate personal protective equipment (PPE), such as safety glasses, when using the pins.
- Avoid excessive force when inserting or removing the pins to prevent breakage.
- Do not modify the decapping pins in any way, as this may compromise safety and performance.
- If a decapping pin breaks, cease use immediately and follow disposal instructions.

Instructions for Installation and Usage

1. Installation:

- Ensure that you have a compatible ZERO Sizing Die.
- Carefully insert the decapping pin into the designated hole in the die.
- Ensure that the pin is securely in place before use.

2. Usage:

- Follow the instructions for your specific ZERO Sizing Die to use the decapping pin effectively.
- Apply gentle pressure when using the decapping pin to avoid damage.
- If resistance is felt, stop using the pin and check for any obstructions or damage.

3. Maintenance:

- Clean the decapping pins after each use to remove any debris.
- Store the pins in their original packaging or a safe container to prevent damage.

Disposal Instructions

- Dispose of broken or unusable decapping pins in accordance with local regulations.
- Do not dispose of the decapping pins in general waste if they are made of metal; check for recycling options.
- Ensure that any small parts are disposed of safely to prevent choking hazards, especially for children.

Contact Information for Further Support

For any inquiries or safety concerns regarding the ZERO Die Replacement Decapping Pins, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure the safe use of the ZERO Die Replacement Decapping Pins. Thank you for your attention to safety, and enjoy your experience with Area 419 products.
