

HUNT SCOPE RINGS - HUNT 30MM DIAMETER LOW (24MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 30MM DIAMETER LOW (24MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112783
- Mfr. No.: 419-HUNT-3024
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 24mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182790

HUNT SCOPE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS. Designed for optimal performance, these scope rings are engineered to secure your optic reliably in various shooting environments. This guide provides essential safety instructions, usage precautions, and installation guidelines to ensure your safety and the longevity of your product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the scope rings for any signs of wear or damage before use.
- Keep out of reach of children and vulnerable individuals.
- Do not modify or alter the scope rings in any way.
- Always follow the manufacturer's instructions for installation and use.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded before installing the scope rings.
 - Use appropriate tools and follow torque specifications to prevent overtightening.
- **Usage Safety:**
 - Always verify that the scope is securely mounted before each use.
 - Avoid using the scope rings in extreme temperatures or conditions that may affect their performance.
- **Handling Safety:**
 - Handle the scope rings with care to prevent dropping or damaging them.
 - Store the scope rings in a dry place when not in use to prevent corrosion.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:**
 - Gather all necessary tools (torque wrench, appropriate screwdrivers).
 - Ensure the firearm is unloaded and in a safe position.
2. **Mounting the Base:**
 - Position the base of the scope rings on the rail of the firearm.
 - Align the base with the mounting holes.
3. **Securing the Base:**
 - Use the provided screws to secure the base to the firearm.
 - Tighten screws to the specified torque settings to avoid damage.
4. **Placing the Scope:**
 - Carefully place the scope into the rings.
 - Ensure the scope is aligned properly for optimal viewing.
5. **Securing the Scope:**
 - Attach the caps of the scope rings.
 - Tighten the caps using the torque wrench to ensure a secure fit without overtightening.
6. **Final Check:**
 - Doublecheck all connections and ensure the scope is firmly in place.

Usage Tips

- Regularly check the tightness of the scope rings, especially after heavy use or transportation.
- Clean the scope rings with a soft cloth to maintain their finish and prevent corrosion.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum components where facilities are available.

Contact Information for Further Support

For any safety inquiries or concerns regarding the HUNT SCOPE RINGS, please reach out to the designated EU contact point provided by the manufacturer.

By following these safety instructions, you can ensure a safe and enjoyable experience with your HUNT SCOPE RINGS. Thank you for your attention to these important safety measures.
