

HUNT SCOPE RINGS - AREA 419 HUNT 30MM DIAMETER LOW (24MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 30MM DIAMETER LOW \(24MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112783
- Mfr. No.: 419-HUNT-3024
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 24mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182790

HUNT SCOPE RINGS AREA 419 Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS AREA 419. These scope rings are designed to provide a secure and reliable mounting solution for your optics. This safety instruction guide outlines essential safety guidelines, precautions for use, installation instructions, and disposal information to ensure safe and effective usage of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this manual.
- Regularly inspect the scope rings for signs of wear or damage.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product conditions to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Before using the scope rings, confirm that they are compatible with your specific optic.
- Do not exceed the recommended torque specifications when securing the rings to avoid damage.
- Avoid using the scope rings in extreme environmental conditions unless specified by the manufacturer.
- Ensure that the mounting surface is clean and free of debris before installation.
- If you experience any difficulty during installation or usage, cease operation immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that the work area is clean and welllit.

2. Installation Steps:

- Align the scope rings with the mounting rail on your firearm.
- Place the optic in the rings and adjust to the desired position.
- Secure the caps of the rings, ensuring they are aligned properly.
- Use a torque wrench to tighten the screws to the specified torque (as per the manufacturer's guidelines).

3. Usage:

- After installation, check the stability of the optic by gently shaking it to ensure it is securely mounted.
- Regularly check the torque settings to ensure they remain within the specified range.
- Avoid exposing the scope rings to excessive force or impacts during use.

4. PostUsage Care:

- Clean the scope rings with a soft, dry cloth after use to remove any dirt or moisture.

- Store the firearm and scope rings in a safe and dry location when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste and metal products.
- Do not incinerate or dispose of the product in household waste.
- Consider recycling the product where facilities exist.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please consult the manufacturer's website or customer support resources. Ensure you have the product model and any relevant information ready for reference.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure safe and effective use of your HUNT SCOPE RINGS AREA 419.
