

HUNT SCOPE RINGS - HUNT 30MM DIAMETER MEDIUM (30MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 30MM DIAMETER MEDIUM (30MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112784
- Mfr. No.: 419-HUNT-3030
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182783

HUNT SCOPE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS. These rings are designed to provide a secure and reliable mounting solution for your optics. This safety instruction guide is designed to ensure the safe use of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the rings are compatible with your scope and mounting system.
- Always inspect the rings for any signs of damage or wear before each use.
- Use the rings only for their intended purpose as specified in the product documentation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Avoid OverTorquing:** When tightening the cap screws, ensure that you do not exceed the recommended torque specifications to prevent damage to the rings or scope.
- **Check Alignment:** After installation, verify that the scope is properly aligned and securely mounted to avoid misalignment during use.
- **Inspect Regularly:** Periodically check the rings for any signs of loosening or damage, especially after heavy use or exposure to harsh conditions.
- **Do Not Modify:** Do not alter or modify the rings in any way, as this may compromise their integrity and safety.
- **Use with Compatible Accessories:** If you wish to add accessories to your scope setup, ensure they are compatible with the HUNT SCOPE RINGS or consider using alternative products offered by Area 419.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and the appropriate size screwdriver.
- Ensure that the mounting surface is clean and free of debris.

2. Installation Steps:

- Place the base of the HUNT SCOPE RINGS onto the mounting surface (Picatinny rail or other compatible surfaces).
- Align the scope tube with the rings and position the scope in the desired location.
- Attach the caps of the rings over the scope tube.
- Using a torque wrench, tighten the cap screws to the specified torque settings. Refer to the product documentation for exact torque specifications.
- Doublecheck the alignment of the scope and the tightness of the rings.

3. Usage:

- Always handle the firearm and scope setup with care.
- Before shooting, ensure that the scope is securely mounted and functioning properly.
- Regularly inspect the setup during use, especially after shooting sessions.

Disposal Instructions

- Dispose of the HUNT SCOPE RINGS in accordance with local regulations for metal products.
- Do not dispose of the product in household waste. Instead, take it to a designated recycling facility if available.

Contact Information for Further Support

For any questions or concerns regarding the HUNT SCOPE RINGS, please reach out to the manufacturer or your point of purchase for assistance. Ensure to have your purchase information ready for reference.

Thank you for your attention to these safety guidelines. Enjoy your experience with the HUNT SCOPE RINGS and ensure safe and responsible use.
