

HUNT SCOPE RINGS - AREA 419 HUNT 30MM DIAMETER MEDIUM (30MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 30MM DIAMETER MEDIUM \(30MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112784
- Mfr. No.: 419-HUNT-3030
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182783

HUNT SCOPE RINGS USER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the HUNT Scope Rings by Area 419. These rings are designed for optimal performance and reliability in a variety of shooting environments. This safety instruction guide is intended to ensure the safe use of the product and to provide you with essential information regarding installation, usage, and disposal. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure that the HUNT Scope Rings are used only for their intended purpose. Always follow the manufacturer's instructions for safe operation.
- **Enhanced Recalls:** Be aware that if a safety issue arises with the product, Area 419 will provide standardized recall notices and remedies at no cost.
- **Online Shopping Protections:** When purchasing online, ensure that you buy from authorized retailers to guarantee product authenticity and safety.
- **Special Consumer Focus:** These scope rings are designed for adult users. Keep out of reach of children to prevent any potential accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Stay informed about any safety updates or recalls via the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Inspection Before Use:** Always inspect the scope rings for any signs of damage or defects before installation. Do not use if damaged.
- **Correct Installation:** Follow the installation instructions carefully to avoid accidents or improper usage.
- **Weight Limitations:** Ensure that the combined weight of your optic and any accessories does not exceed the load capacity of the scope rings.
- **Use Appropriate Tools:** Use the recommended tools for installation to prevent damage to the rings or your optic.
- **Avoid OverTightening:** When securing the rings, do not overtighten as this can damage the scope or the rings themselves.
- **Regular Maintenance:** Periodically check the tightness of the rings and inspect for wear and tear, especially after heavy use or exposure to harsh conditions.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and the required screws.
- Make sure the rifle and scope are clean and free from debris.

2. Installation:

- Place the scope rings on the rifle's Picatinny rail.
- Align the scope tube with the rings.
- Insert the screws into the rings and handtighten them initially.
- Use a torque wrench to tighten the screws to the specified torque settings (refer to the manufacturer's specifications).
- Ensure that the rings are securely fastened and the scope is level.

3. Usage:

- Once installed, adjust the scope settings as necessary for your shooting requirements.
- Always use the rifle in a safe and controlled environment.
- After use, clean the scope rings and check for any signs of damage or looseness.

Disposal Instructions

- **Environmental Considerations:** Dispose of the HUNT Scope Rings responsibly. Do not dispose of in regular household waste.
- **Recycling:** If possible, recycle the aluminum components. Check local regulations for proper disposal methods for metal and plastic materials.
- **Contact Local Authorities:** For any questions regarding disposal, contact your local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the HUNT Scope Rings, please refer to the contact information provided by the retailer or manufacturer. Your safety and satisfaction are our top priorities.

By following these guidelines, you can ensure a safe and enjoyable experience with your HUNT Scope Rings. Thank you for your attention to safety, and happy shooting!
