

HUNT SCOPE RINGS - AREA 419 HUNT 34MM DIAMETER/24MM HEIGHT SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 34MM DIAMETER/24MM HEIGHT SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112785
- Mfr. No.: 419-HUNT-3424
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 24mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182776

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT SCOPE RINGS by Area 419. These scope rings are designed to provide a secure and reliable mounting solution for your optics. This guide outlines essential safety instructions, general guidelines, and installation procedures to ensure the safe use of this product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the scope rings for any signs of wear or damage.
- Keep the scope rings out of reach of children and pets.
- Do not modify or alter the scope rings in any way.
- Use the product in accordance with the manufacturer's instructions.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Installation Safety:** Always use the appropriate tools and follow the installation instructions carefully to avoid injury.
- **Weight Limit:** Ensure that the combined weight of the optic and accessories does not exceed the recommended limits for the scope rings.
- **Torque Specifications:** Use the specified torque settings when securing the scope rings to avoid damage to both the rings and the optic.
- **Environmental Conditions:** Avoid using the scope rings in extreme conditions that may affect their performance, such as excessive moisture or extreme temperatures.
- **Inspection Before Use:** Before each use, check that the scope rings are securely attached and that all components are functioning correctly.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench, and ensure you have a clean work area.
- Verify that you have the correct scope rings for your optic's diameter (34mm).

2. Installation:

- Place the base of the scope rings onto the mounting rail of your firearm.
- Align the rings with the optic, ensuring they are positioned correctly for optimal sight alignment.
- Use the provided spacers to ensure proper spacing between the rings and the optic.
- Securely fasten the caps onto the bases of the rings using the torque wrench set to the manufacturer's specified torque settings.

3. Final Check:

- After installation, doublecheck that all screws and caps are tightened properly.
- Conduct a visual inspection to ensure that the optic is aligned correctly and securely mounted.

4. Using the Scope:

- When using the scope, ensure that your firearm is pointed in a safe direction at all times.
- Familiarize yourself with the scope's adjustments and features before use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for aluminum and metal waste.
- Do not dispose of the product in household waste. Check for designated recycling facilities in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the HUNT SCOPE RINGS, please refer to the manufacturer's support resources.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with the HUNT SCOPE RINGS!
