

HUNT SCOPE RINGS - HUNT 34MM DIAMETER/30MM HEIGHT SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 34MM DIAMETER/30MM HEIGHT SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112786
- Mfr. No.: 419-HUNT-3430
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182332

HUNT SCOPE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS. Designed for durability and reliability, these scope rings are made to withstand dramatic recoiling environments. This safety instruction guide provides essential information to ensure safe use, installation, and disposal of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

To ensure your safety and the proper functioning of the HUNT SCOPE RINGS, please follow these guidelines:

- Always read the entire instruction manual before using the product.
- Ensure that the scope rings are compatible with your scope and firearm.
- Inspect the scope rings for any damage before installation; do not use damaged products.
- Keep the product out of reach of children and vulnerable individuals.
- Always use the product according to the manufacturer's specifications.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

When using the HUNT SCOPE RINGS, please take the following precautions:

- Do not exceed the weight limit specified by the manufacturer.
- Ensure proper torque specifications are followed during installation to avoid damage.
- Avoid applying excessive force when tightening the rings.
- Do not modify or alter the scope rings in any way.
- Use appropriate tools for installation and avoid using makeshift tools.
- Be cautious of sharp edges during installation and handling.

Instructions for Installation and Usage

Follow these steps for the correct installation and usage of the HUNT SCOPE RINGS:

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate spacers.
- Ensure your workspace is clean and welllit.

2. Check Compatibility:

- Verify that the scope rings are suitable for your scope's tube diameter (30mm).

3. Installation Steps:

- Place the base of the scope rings onto the mounting rail of your firearm.
- Position the scope in the rings and ensure it is level.
- Place the caps onto the rings and align them with the base.
- Use the torque wrench to tighten the screws to the manufacturer's specified torque setting.
- Ensure that the caps are torqued evenly, using spacers if necessary to provide proper support.

4. Final Checks:

- After installation, doublecheck that the scope is securely mounted and that all screws are tightened to specifications.
- Test the setup by gently shaking the firearm to ensure stability.

5. Usage:

- Regularly inspect the scope rings for any signs of wear or loosening during use.
- If you notice any issues, remove the scope rings and inspect for damage before reinstallation.

Disposal Instructions

When disposing of the HUNT SCOPE RINGS, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check for local regulations regarding the disposal of aluminum and stainless steel materials.
- If possible, recycle the product according to local recycling programs.
- Ensure that any remaining components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the HUNT SCOPE RINGS, please refer to the manufacturer's website or contact customer support directly. Always ensure that you have the product information available when seeking assistance.

Thank you for your attention to these safety instructions. Enjoy using your HUNT SCOPE RINGS responsibly and safely!
