

HUNT SCOPE RINGS - AREA 419 HUNT 34MM DIAMETER/30MM HEIGHT SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 34MM DIAMETER/30MM HEIGHT SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112786
- Mfr. No.: 419-HUNT-3430
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080182332

HUNT SCOPE RINGS Consumer Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS by Area 419. This guide provides essential safety information, installation instructions, and proper usage details to ensure a safe and effective experience with your scope rings. Please read this guide carefully before use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the HUNT SCOPE RINGS by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, please follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Keep the product away from children and vulnerable individuals. This product is intended for adult use only.
- **EU Contact Point:** For safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates regarding product safety.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Ensure that the scope rings are compatible with your optic before installation.
 - Inspect the rings for any visible damage before each use.
- **Avoiding Hazards:**
 - Do not exceed the recommended torque specifications during installation.
 - Ensure that the rings are securely attached to the mounting rail to prevent any accidents.
- **Age Warnings:**
 - This product is not intended for use by individuals under the age of 18.
- **General Use:**
 - Always use the rings in accordance with the manufacturer's specifications.
 - Avoid using the rings in extreme environmental conditions that may compromise their integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate spacers.
- Ensure that the mounting surface is clean and free from debris.

2. Installation:

- Place the base of the scope rings onto the mounting rail.
- Align the rings to ensure proper fitment with the optic.
- Use the provided spacers to ensure the rings have the necessary space to properly torque down on the optic.
- Carefully attach the caps to the bases of the rings.
- Using a torque wrench, tighten the caps to the manufacturer's specified torque settings.
- Doublecheck the alignment and security of the rings after installation.

3. Usage:

- After installation, check the scope for stability and alignment before use.
- Regularly inspect the rings for any signs of wear or damage.
- Ensure that the rings remain securely fastened during use, especially after periods of heavy recoil.

Disposal Instructions

- **Environmental Considerations:**
 - Dispose of packaging materials responsibly by recycling where possible.
 - If the scope rings are no longer usable, dispose of them in accordance with local regulations for metal and electronic waste.
- **Product Lifecycle:**
 - Regularly assess the condition of the scope rings and replace them if they show signs of wear or damage.

Contact Information for Further Support

For any inquiries regarding the HUNT SCOPE RINGS, please refer to the contact information provided by your retailer or the manufacturer. Always ensure you have the latest updates regarding product safety and recalls.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and enjoyable experience with your HUNT SCOPE RINGS.
