

HUNT SCOPE RINGS - HUNT 1" DIAMETER EXTRA LOW (20MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 1" DIAMETER EXTRA LOW (20MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112787
- Mfr. No.: 419-HUNT-120
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 20mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183056

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT Scope Rings. These rings are designed to provide a secure and reliable mounting solution for your optic in various shooting conditions. This guide contains important safety information and instructions to ensure the safe use of the product.

General Safety Guidelines

- Ensure that the HUNT Scope Rings are compatible with your optic before installation.
- Always inspect the rings for any signs of damage or wear before use.
- Store the scope rings in a dry and safe place when not in use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local laws and regulations regarding the use of firearms and optics.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when tightening the rings to avoid damaging the optic or the rings themselves.
- Ensure that the rings are properly aligned to prevent any misalignment of the optic.
- Avoid using the scope rings in extreme temperatures or conditions that may affect their performance.
- If you notice any unusual behavior from your optic or the rings, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and any required mounting hardware.
- Ensure that your firearm is unloaded and pointed in a safe direction.

2. Installation Steps

- Remove the existing scope rings, if applicable.
- Place the HUNT Scope Rings onto the mounting rail of your firearm.
- Align the rings with the optic to ensure proper fit and positioning.
- Use the provided spacers to maintain the correct spacing while torquing the caps.
- Tighten the caps to the specified torque settings using a torque wrench for accuracy.
- Doublecheck the alignment and stability of the optic once installed.

3. Usage Tips

- Regularly check the tightness of the rings, especially after heavy use or transport.
- Clean the scope rings periodically to remove dirt and debris that may affect performance.

Disposal Instructions

- Dispose of the HUNT Scope Rings in accordance with local regulations for metal recycling.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond use, ensure it is recycled or disposed of in an environmentally friendly manner.

Contact Information for Further Support

For any questions or concerns regarding the HUNT Scope Rings, please refer to the manufacturer's contact information provided with your product packaging. Ensure you have the product details ready for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your HUNT Scope Rings. Thank you for your attention to safety and for choosing our product.
