

HUNT SCOPE RINGS - HUNT 1" DIAMETER LOW (24MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 1" DIAMETER LOW (24MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112788
- Mfr. No.: 419-HUNT-124
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 24mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183063

HUNT SCOPE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your scope rings. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the scope rings are compatible with your optic and firearm before use.
- Always inspect the scope rings for any signs of damage or wear before installation.
- Use the scope rings only for their intended purpose as specified by the manufacturer.
- Keep the product out of reach of children and vulnerable individuals.
- Always follow local laws and regulations regarding firearms and optics.

Specific Safety Precautions for Use

- Do not exceed the recommended torque specifications when tightening the scope rings. Overtightening may damage the rings or the optic.
- Avoid using the scope rings in extreme temperatures or conditions that may affect their performance.
- Regularly check the scope rings for looseness or any signs of wear, especially after heavy use or exposure to harsh conditions.
- If any part of the scope rings is damaged, discontinue use immediately and replace the damaged components.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools, including a torque wrench and appropriate spacers.
- Ensure that your firearm is unloaded and pointed in a safe direction during installation.

2. Installation Steps

- Place the scope in the desired position on the firearm's rail.
- Align the scope rings around the scope tube, ensuring they are positioned correctly on the rail.
- Use the spacers provided to maintain proper clearance between the rings and the optic.
- Gradually tighten the caps of the rings using a torque wrench, following the manufacturer's specified torque settings.
- Doublecheck that the scope is level and securely mounted before use.

3. Usage

- After installation, take the firearm to a safe shooting range to test the setup.
- Make any necessary adjustments to the scope according to the manufacturer's instructions.
- Always handle the firearm and optic with care during use.

Disposal Instructions

- When disposing of the HUNT SCOPE RINGS, follow local regulations regarding electronic and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum components if possible.

Contact Information for Further Support

For any safety inquiries or assistance regarding the HUNT SCOPE RINGS, please contact the manufacturer directly through their official channels. Ensure you have the product details on hand for a more efficient support experience.

Thank you for prioritizing safety while enjoying your HUNT SCOPE RINGS. Your responsible use contributes to a safer shooting environment for everyone.
