

HUNT SCOPE RINGS - AREA 419 HUNT 1" DIAMETER LOW (24MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 1" DIAMETER LOW \(24MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112788
- Mfr. No.: 419-HUNT-124
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 24mm
- Size: Low
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183063

HUNT SCOPE RINGS USER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the HUNT SCOPE RINGS by Area 419. These scope rings are designed for optimal performance and reliability in various environments. It is essential to follow the safety guidelines and instructions outlined in this document to ensure safe usage and longevity of the product.

General Safety Guidelines

- **Product Safety:** Always ensure that the scope rings are used in accordance with the provided instructions to prevent accidents or injuries.
- **Enhanced Recalls:** Stay informed about any recalls by checking the relevant platforms for safety updates.
- **Online Shopping:** Purchase only from authorized retailers to ensure you receive a genuine product that meets safety standards.
- **Special Consumer Focus:** These scope rings are not intended for use by children. Keep out of reach of minors to avoid potential hazards.
- **EU Contact Point:** For any safety inquiries or concerns, please refer to the appropriate EU contact point.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety and potential hazards.

Specific Safety Precautions for Use

- **Inspection:** Before use, inspect the scope rings for any visible damage or defects. Do not use if damaged.
- **Proper Fit:** Ensure that the rings fit your scope correctly. An improper fit can lead to scope misalignment or damage.
- **Torque Specifications:** Use a torque wrench to tighten the rings according to the manufacturer's specifications to avoid overtightening, which could damage the scope or rings.
- **Avoid Modifications:** Do not modify the scope rings in any way, as this can compromise their integrity and safety.
- **Use in Suitable Conditions:** Avoid using the scope rings in extreme weather conditions that could affect their performance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your rifle and scope are clean and free of debris.

2. Installation:

- Place the scope in the rings to determine the best position.
- Align the rings to the desired location on the rail.
- Securely attach the base of the rings to the rifle rail using the provided screws.
- Ensure the rings are level and aligned before tightening.

3. Tightening:

- Use a torque wrench to tighten the screws to the specified torque settings.
- Check that the rings are secure but do not overtighten, as this can lead to damage.

4. Final Check:

- Once installed, check the alignment of the scope through the rings.
- Make any necessary adjustments to ensure proper eye relief and sight alignment.

Disposal Instructions

- Dispose of packaging materials in accordance with local recycling regulations.
- If the scope rings are no longer usable, dispose of them responsibly. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the HUNT SCOPE RINGS, please consult the manufacturer's website or authorized retailers for assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your HUNT SCOPE RINGS. Thank you for your attention to safety and for choosing Area 419 products.
