

HUNT SCOPE RINGS - HUNT 34MM DIAMETER HIGH (34MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 34MM DIAMETER HIGH (34MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112790
- Mfr. No.: 419-HUNT-3434
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: High
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183018

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT Scope Rings by Area 419. These rings are designed to securely hold your optic in a variety of shooting conditions. This safety instruction guide provides essential information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the rings are compatible with your scope's tube diameter (34mm).
- Regularly inspect the rings for any signs of wear or damage before each use.
- Use the rings only for their intended purpose, which is to mount a scope securely on a firearm.
- Keep the rings out of reach of children and vulnerable individuals to prevent accidental misuse.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

• Installation Safety:

- Always read the installation instructions carefully before attempting to install the rings.
- Use the appropriate tools to avoid damaging the rings or mounting system.

• Handling:

- Handle the rings with care to avoid dropping or damaging them.
- Ensure that the rings are clean and free from debris before installation.

• Weight Limit:

- Do not exceed the weight limit of the rings as specified in the product specifications (4 oz/set for the 30mm Medium).

• Torque Specifications:

- Follow the torque specifications provided during installation to avoid overtightening, which may lead to damage.

• Environmental Considerations:

- Avoid exposing the rings to extreme temperatures, humidity, or corrosive environments that could compromise their integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure your firearm is unloaded and in a safe condition before beginning installation.

2. Assembly:

- Take the base and cap of the rings from the packaging.
- Align the base of the rings with the mounting rail on your firearm.

3. **Mounting:**

- Place the scope into the ring and position it as desired.
- Place the cap onto the base and align the holes.

4. **Tightening:**

- Using a torque wrench, tighten the screws to the specified torque settings.
- Ensure that the rings are securely fastened without overtightening.

5. **Final Check:**

- Doublecheck the installation for stability and alignment.
- Ensure the scope is correctly positioned for optimal viewing.

6. **Usage:**

- After installation, regularly check the rings for tightness and condition before each use.
- Ensure that the scope is securely held in place during use.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling regulations.
- If the rings are damaged beyond repair, dispose of them in accordance with local waste disposal guidelines.
- Do not dispose of the rings in regular household waste if they contain hazardous materials.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided by the retailer or manufacturer. It is important to have a reliable point of contact for any safety concerns or product support.

By following these guidelines, you can ensure a safe and effective experience with your HUNT Scope Rings. Enjoy your shooting experience and stay safe!
