

HUNT SCOPE RINGS - AREA 419 HUNT 34MM DIAMETER HIGH (34MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 34MM DIAMETER HIGH \(34MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112790
- Mfr. No.: 419-HUNT-3434
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 34mm
- Size: High
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183018

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT SCOPE RINGS by Area 419. These rings are designed to securely mount your optics while ensuring safety and reliability during use. This guide provides essential safety instructions, precautions, and information to help you use the product safely and effectively.

General Safety Guidelines

- Ensure that the HUNT SCOPE RINGS are compatible with your scope and mounting system before installation.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the rings for any signs of damage or wear before each use.
- Keep the rings and all related accessories out of reach of children.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

• Installation Precautions:

- Use only the recommended tools for installation to avoid damaging the rings or your scope.
- Ensure that the mounting surface is clean and free of debris before installation.

• Usage Precautions:

- Do not exceed the specified torque settings during installation, as this can lead to damage or failure.
- Avoid using the rings in extreme conditions without verifying their performance limits.
- Regularly check the tightness of the rings after use, especially after heavy recoil or long shooting sessions.

• Storage Precautions:

- Store the rings in a cool, dry place when not in use to prevent corrosion or damage.
- Avoid exposing the rings to harsh chemicals or environments that may degrade the material.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate socket.
- Ensure that the scope and rifle are clean and free of debris.

2. Installation Steps:

- Place the base of the HUNT SCOPE RINGS onto the mounting rail of your rifle.
- Align the rings with the scope and ensure they are positioned correctly.
- Securely attach the caps of the rings using the provided screws.
- Use a torque wrench to tighten the screws to the manufacturer's specified torque settings.

3. Final Checks:

- Verify that the scope is level and properly aligned.
- Check that the rings are securely fastened and that there is no movement.
- Conduct a test by gently shaking the rifle to ensure that the scope remains stable.

4. Usage:

- Always handle the rifle with care, ensuring that the optic is secure during transport and use.
- Regularly inspect the rings for signs of wear or damage, especially after extensive use.

Disposal Instructions

- Dispose of the HUNT SCOPE RINGS according to local regulations for aluminum and metal products.
- Do not dispose of the rings in household waste.
- Consider recycling the rings to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding the HUNT SCOPE RINGS, please refer to the manufacturer's contact information as provided in the product packaging or on the official website. Ensure that you have the product details ready for efficient assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your HUNT SCOPE RINGS. Thank you for your attention to these guidelines, and happy shooting!
