

HUNT SCOPE RINGS - HUNT 35MM DIAMETER MEDIUM (30MM) SCOPE RINGS

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: HUNT 35MM DIAMETER MEDIUM (30MM) SCOPE RINGS
- Manufacturer: AREA 419
- Product no.: 430112791
- Mfr. No.: 419-HUNT-3530
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183025

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT SCOPE RINGS (35mm Diameter Medium). This guide provides essential safety instructions and information to ensure the safe and effective use of your scope rings. Please read this guide carefully before installation and use to maximize safety and performance.

General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and firearm.
- Inspect the scope rings for any visible damage or defects before use.
- Always follow the manufacturer's instructions for installation and usage.
- Store the scope rings in a dry and safe place to prevent damage.
- Keep the scope rings out of reach of children and pets.
- Use the scope rings only for their intended purpose.

Specific Safety Precautions for Use

- Check that the rings are securely attached to the base before using the firearm.
- Avoid overtorquing the screws during installation, as this may lead to damage.
- Regularly inspect the scope rings for signs of wear or damage, especially after heavy use.
- Do not modify the scope rings in any way, as this may compromise safety and performance.
- If you experience any issues with the scope rings, discontinue use and consult a professional.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that the installation area is clean and free from distractions.

2. Installation

- Place the scope rings on the rail of your firearm according to the manufacturer's specifications.
- Align the rings with the scope tube, ensuring they are level and properly positioned.
- Use the provided screws to attach the rings to the base.
- Torque the screws to the manufacturer's recommended specifications using a torque wrench.
- Doublecheck that all screws are tight and secure before mounting the scope.

3. Usage

- Once installed, carefully mount your scope into the rings.
- Ensure that the scope is properly aligned and securely fastened within the rings.
- Test the setup by checking for stability and adjusting as necessary before use.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste management regulations.
- If the scope rings are damaged beyond repair, they should be disposed of responsibly. Consider recycling materials where possible.

Contact Information for Further Support

For any inquiries or concerns regarding the HUNT SCOPE RINGS, please refer to the manufacturer's contact points or your retailer for assistance.

Conclusion

By following these safety instructions, you will ensure the safe and effective use of your HUNT SCOPE RINGS. Always prioritize safety and consult with professionals if you have any doubts or questions regarding installation and usage. Thank you for your attention to safety and for choosing our product.
