

HUNT SCOPE RINGS - AREA 419 HUNT 35MM DIAMETER MEDIUM (30MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 35MM DIAMETER MEDIUM \(30MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112791
- Mfr. No.: 419-HUNT-3530
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183025

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT Scope Rings from Area 419. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before installation and usage to avoid potential hazards.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the HUNT Scope Rings by following all instructions provided in this guide.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety standards.
- **Special Consumer Focus:** Extra precautions should be taken if the product is used by vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the retailer.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- Always inspect the rings for any visible damage or defects before installation.
- Ensure that the rings are compatible with your scope and mounting system.
- Do not exceed the recommended torque specifications during installation to avoid damaging the rings or the optic.
- Avoid using the scope rings in extreme environmental conditions that may compromise their integrity.
- Keep the product out of reach of children and pets to prevent accidental injuries.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate spacers.
- Ensure your workspace is clean and free from any obstructions.

2. Installation:

- Align the bases of the HUNT Scope Rings on the rail of your firearm.
- Secure the bases with the provided screws, making sure they are tightened but not overtorqued.
- Place the scope into the rings, ensuring proper alignment with your eye relief.
- Attach the caps of the rings on top of the scope and secure them with screws.
- Use a torque wrench to tighten the screws to the specified torque settings (consult the product specifications for details).
- Doublecheck that the scope is securely mounted and that there is no movement.

3. Usage:

- Regularly check the tightness of the rings and screws, especially after heavy use or exposure to harsh conditions.
- If you notice any signs of wear, damage, or loosening, discontinue use immediately and inspect the product.

Disposal Instructions

- Dispose of the HUNT Scope Rings responsibly. Check local regulations for proper disposal methods for aluminum and stainless steel products.
- If the product is damaged or no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any questions or concerns regarding the HUNT Scope Rings, please consult the retailer from whom you purchased the product or visit the manufacturer's website for additional information.

Thank you for prioritizing safety and ensuring the proper use of your HUNT Scope Rings. Enjoy your shooting experience!
