

HUNT SCOPE RINGS - AREA 419 HUNT 36MM DIAMETER MEDIUM (30MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 36MM DIAMETER MEDIUM \(30MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112792
- Mfr. No.: 419-HUNT-3630
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183032

HUNT SCOPE RINGS AREA 419 Safety Instruction Guide

Introduction

Thank you for choosing the HUNT SCOPE RINGS AREA 419. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your scope rings. Please read this document carefully before use to ensure optimal performance and safety.

General Safety Guidelines

- Ensure that the scope rings are compatible with your optic and firearm before installation.
- Always inspect the scope rings for any signs of damage or defects before use.
- Use the scope rings only for their intended purpose; do not modify or alter them in any way.
- Keep the scope rings out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of firearm accessories.

Specific Safety Precautions for Use

- **Installation Area:** Work in a clean, dry area to prevent contamination and damage to the scope rings.
- **Tools Required:** Use only the recommended tools for installation. Avoid using excessive force when tightening screws.
- **Inspection:** Regularly check the scope rings for tightness and signs of wear, especially after heavy use or exposure to harsh conditions.
- **Handling:** Handle the scope rings carefully to avoid dropping or damaging them.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and ensure you have a suitable workspace.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Installation Steps:

- Remove any existing scope rings or mounts from your firearm.
- Place the HUNT SCOPE RINGS onto the mounting rail of your firearm.
- Align the rings with the appropriate mounting points for your optic.
- Use the provided screws to attach the rings securely to the rail. Do not overtighten.
- Install your scope into the rings, ensuring it is properly aligned.
- Torque the caps to the manufacturer's specifications using the recommended torque wrench.

3. Final Checks:

- Once installed, doublecheck all screws and connections to ensure everything is secure.
- Perform a visual inspection of the setup to ensure proper alignment and clearance.

Disposal Instructions

- Dispose of packaging materials responsibly by recycling where possible.
- If the scope rings reach the end of their life, dispose of them in accordance with local regulations for metal and electronic waste.

Contact Information for Further Support

For any questions or concerns regarding the HUNT SCOPE RINGS AREA 419, please refer to the manufacturer's customer service resources.

Conclusion

By following these safety guidelines and instructions, you can ensure the optimal performance and longevity of your HUNT SCOPE RINGS AREA 419. Always prioritize safety and compliance with local regulations when using firearm accessories. Thank you for your attention to these important safety measures.
