

TACTICAL MID-CANTILEVERED 1-PIECE SCOPE MOUNTS - AREA 419

TACTICAL MID CANTILEVER 35MM DIA 34MM HEIGHT 0 MOA PIC MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

TACTICAL MID CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.34" (34mm) height mounts are a mid-cantilever, meant for less offset and use on bolt-action platforms. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

Attributes

- Name: [AREA 419 TACTICAL MID CANTILEVER 35MM DIA 34MM HEIGHT 0 MOA PIC MOUNT](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112796
- Mfr. No.: 419-MCM-3534
- Elevation: 0 MOA
- Finish: Black
- Height: 5"
- Length: 2"
- Scope Tube Diameter: 35mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182745

TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS Safety Instruction Guide

Introduction

Thank you for choosing the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS by Area 419. This guide provides essential safety instructions to ensure the safe and effective use of your scope mount. Please read this guide thoroughly before installation and usage.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the scope mount by following all instructions. This product is designed for use with firearms and should only be used by responsible adults.
- **Enhanced Recalls:** Stay informed about any potential recalls. If you receive notice of a recall, please follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, ensure you have access to EUbased customer support.
- **Rapid Alerts:** Regularly check for updates on unsafe products via the EU Safety Gate platform.

Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the installation and usage instructions before use.
- **Check Compatibility:** Ensure that the scope mount is compatible with your firearm and scope specifications.
- **Inspect Before Use:** Regularly inspect the scope mount for any signs of wear, damage, or defects.
- **Avoid Modifications:** Do not modify the scope mount in any way. Alterations can compromise safety and performance.
- **Use Proper Tools:** Use appropriate tools for installation. Do not use excessive force when tightening screws.
- **Secure Installation:** Ensure that the mount is securely fastened to prevent loosening during use.

Instructions for Installation and Usage

1. **Gather Tools:** Before starting, gather the necessary tools, including a torque wrench and appropriate screwdrivers.
2. **Prepare the Firearm:** Ensure the firearm is unloaded and pointed in a safe direction.
3. **Mount Installation:**
 - Align the scope mount with the picatinny rail on your firearm.
 - Use spacers provided to ensure proper fit and alignment.
 - Securely attach the mount using the supplied screws, ensuring they are torqued to the manufacturer's specifications.
4. **Scope Attachment:**
 - Place the scope into the rings of the mount.
 - Adjust the scope to your desired position and tighten the rings evenly to secure the scope.
5. **Final Checks:** After installation, doublecheck all screws and fittings to ensure everything is secure.
6. **Function Test:** Before taking your firearm to the range, perform a function test to ensure that the scope is securely mounted and aligned.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the scope mount in accordance with local regulations for metal and electronic waste.

- **NonUse:** If the scope mount is no longer needed or is damaged beyond repair, ensure it is disposed of safely to prevent any potential hazards.

Contact Information for Further Support

For any questions or concerns regarding the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the customer support information provided by your retailer or manufacturer. It is important to have access to assistance for any safety inquiries or product issues.

By following these safety instructions, you can ensure the safe operation and longevity of your TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS. Thank you for your attention to safety, and enjoy your shooting experience responsibly.
