## TACTICAL MID CANTILEVER 36MM DIA 34MM HEIGHT 0 MOA PIC MOUNT

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

TACTICAL MID CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.34" (34mm) height mounts are a mid-cantilever, meant for less offset and use on bolt-action platforms. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

### Attributes

- Name: [AREA 419 TACTICAL MID CANTILEVER 36MM DIA 34MM HEIGHT 0 MOA PIC MOUNT](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112798
- Mfr. No.: 419-MCM-3634
- Elevation: 0 MOA
- Finish: Black
- Height: 5"
- Length: 2"
- Scope Tube Diameter: 36mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080182820

# Consumer Safety Instruction Guide for TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS

## Introduction

Thank you for choosing the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS by Area 419. This product has been designed with precision and safety in mind. To ensure a safe and effective use of your scope mounts, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- **Product Safety:** This product is designed to meet safety standards for nonfood items. Ensure that you use it as intended to minimize any risks.
- **Enhanced Recalls:** In the event of a product recall, you will be notified with standardized notices. Please follow the instructions provided for any necessary remedies.
- **Online Shopping:** If purchased online, this product has the same safety guarantees as those bought in physical stores.
- **Special Consumer Focus:** Extra measures have been taken to ensure safety for all users, including vulnerable groups.
- **EU Contact Point:** For any safety inquiries, an EU-based contact is available to assist you.
- **Rapid Alerts:** Stay updated on any safety issues through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Inspection Before Use:** Always inspect the scope mounts for any visible damage or defects before installation.
- **Proper Fit:** Ensure that the scope mount is compatible with your optic and rifle. Check the diameter and height specifications.
- **Torque Specifications:** Follow the manufacturer's torque specifications during installation to prevent damage or failure.
- **Avoid Excessive Force:** Do not overtighten screws or components; this can lead to damage.
- **Keep Out of Reach of Children:** This product is not intended for use by children. Store in a safe place away from their reach.
- **Regular Maintenance:** Periodically check the mounts for any signs of wear or loosening during use.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools (e.g., torque wrench).
- Ensure you have a clean, well-lit workspace.

### 2. Installation:

- Remove any existing scope mounts from your rifle.
- Position the base of the TACTICAL MIDCANTILEVERED scope mount onto the picatinny rail.
- Align the mount to your desired position, ensuring it fits securely.

### 3. Securing the Mount:

- Place the caps onto the base and align them properly.
- Use the torque wrench to tighten the screws to the specified torque settings provided by the manufacturer.

- Ensure that the clamping feet are properly seated for maximum grip.

#### 4. **Mounting the Scope:**

- Place your scope into the rings of the mount.
- Adjust the position of the scope as needed for optimal eye relief and alignment.
- Tighten the screws on the rings with the torque wrench to secure the scope in place.

#### 5. **Final Check:**

- Doublecheck all screws and mounts to ensure everything is secure.
- Perform a visual inspection to confirm that there are no loose components.

## **Disposal Instructions**

- **Environmental Responsibility:** Dispose of any packaging materials in accordance with local recycling guidelines.
- **Product EndofLife:** If the scope mounts are no longer usable, please follow local regulations for the disposal of metal and plastic components.
- **Recycling:** Whenever possible, recycle materials to minimize environmental impact.

## **Contact Information for Further Support**

For any further assistance or inquiries regarding the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS, please refer to the manufacturer's contact details provided with the product packaging or documentation.

By following these safety instructions, you can ensure a safe and effective experience with your TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS. Thank you for your attention to safety.
