

TACTICAL MID-CANTILEVERED 1-PIECE SCOPE MOUNTS - TACTICAL MID CANTILEVER 36MM DIA 34MM HEIGHT 20 MOA PIC MNT

TACTICAL MID CANTILEVERED 1-PIECE SCOPE MOUNTS When Area 419 set out to make the perfect scope mount, they knew what they needed to make something that was reliable and consistent at a degree you won't find anywhere else on the market. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made – as well as an incredible amount of robustness without adding unnecessary weight. Like most mounts, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, they produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in Area 419's world-class machining centers. Mounts are then brought off the machine in sets, QC'd and packaged, ensuring that you receive a mount that was finished perfectly. Is it overkill? Probably. But Area 419 think it's the right way. So that's what they are going to do. NOTE: All 1.34" (34mm) height mounts are a mid-cantilever, meant for less offset and use on bolt-action platforms. KEY FEATURES CNC Milled in America from American 7075 Aluminum Raw aluminum, precision bored scope contact surfaces for maximum grip Final-bored in sets, and never fully disassembled after boring 8-9oz per mount, depending on model, balancing weight management and robustness Multiple accessory mounting points Separate rail clamping bars for maximum grab on the pic rail Inset clamping feet, allowing for maximum mounting adjustment and pic rail utility Steel guide pins between base and caps, aiding in alignment Custom nitrided stainless hardware

Attributes

- Name: TACTICAL MID CANTILEVER 36MM DIA 34MM HEIGHT 20 MOA PIC MNT
- Manufacturer: AREA 419
- Product no.: 430112799
- Mfr. No.: 419-MCM-363420
- Elevation: 20 MOA
- Finish: Black
- Height: 5"
- Length: 2"
- Scope Tube Diameter: 34mm
- Style: Picatinny
- Delivery weight: 0.68kg
- Shipping height: 76mm
- Shipping width: 152mm
- Shipping length: 241mm
- UPC: 810080183261

Safety Instructions for TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS

Introduction

Thank you for choosing the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS by AREA 419. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your scope mount. Please read this document carefully before use.

General Safety Guidelines

- **Product Safety:** This product is designed for safe use in accordance with EU General Product Safety Regulation (GPSR). Ensure that you follow all safety instructions to minimize risks.
- **Enhanced Recalls:** Stay informed about any potential recalls related to this product. You can check the EU's Safety Gate platform for updates.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with safety requirements similar to those in physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure that it is stored out of reach of minors.
- **EU Contact Point:** For any safety inquiries, you should contact the relevant EU-based authority.
- **Rapid Alerts:** Be aware that updates regarding unsafe products will be communicated through the Safety Gate system.

Specific Safety Precautions for Use

- **Inspect Before Use:** Always inspect the scope mount for any signs of damage or defects before installation and use.
- **Proper Fit:** Ensure that the scope mount is compatible with your specific scope and firearm model.
- **Avoid OverTorquing:** Follow the recommended torque specifications to avoid damaging the mount or the scope.
- **Use of Tools:** Utilize proper tools for installation and avoid using excessive force that may compromise the integrity of the mount.
- **Environmental Considerations:** Avoid using the scope mount in extreme environmental conditions that may affect its performance.
- **Maintenance:** Regularly check the mount for wear and tear, and clean it as necessary to ensure optimal performance.

Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools, including a torque wrench and appropriate mounting tools.
2. **Mounting the Base:**
 - Place the base of the scope mount onto the picatinny rail of your firearm.
 - Align the base with the desired position for optimal eye relief.
3. **Securing the Base:**
 - Use the provided steel guide pins for alignment.
 - Attach the base to the rail using the separate rail clamping bars.
 - Tighten the screws to the specified torque setting to ensure a secure fit.
4. **Attaching the Scope:**
 - Place the scope into the rings of the mount.
 - Adjust the position of the scope for proper eye relief and alignment.
5. **Securing the Scope:**
 - Tighten the caps of the scope mount using the provided spacers to ensure even pressure on the scope.

- Follow the torque specifications for securing the caps.

6. Final Inspection:

- Once installed, doublecheck all connections and ensure that the scope is securely mounted.
- Test the mount by gently shaking the firearm to ensure stability.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the product and packaging materials in accordance with local regulations for electronic waste and materials.
- **Recycling:** If applicable, consider recycling components of the scope mount to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the TACTICAL MIDCANTILEVERED 1PIECE SCOPE MOUNTS, please reach out to the appropriate support channels as indicated by your place of purchase.

Thank you for your attention to these safety instructions. Enjoy your new scope mount and use it responsibly!
