TYRANT CNC I.T.T.S. TRIGGER FOR GLOCK GEN 5 Lightning-Fast Resets After Every Shot Launch a rapid-fire session at any time with the Glock Gen 5 trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best-performing Glock triggers that you can find. Flat Faced Trigger Features Get the most out of your Glock Gen 5 trigger with this high-performing hybrid model. The Tyrant CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, our Glock trigger helps ensure a uniform trigger pull with every shot. Curved Trigger Features Reap the benefits of a curved trigger along with a flat faced trigger when you use our Glock trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands. High Durability Enjoy your Glock Gen 5 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use. Tyrant is proud to provide Non-OEM Glock parts. SPECIFICATIONS: Platform: Glock Designed For Models: G17, G17L, G19, G22, G23, G24, G26, G27, G31, G32, G33, G34, G35, G37, G38, G39 Glock Generation: Generation 5 Fitment Notes : Due to the precise modifications required to build a functional P80, we cannot guarantee that our parts will work in all P80 builds. We recommend using a certified gunsmith to ensure the accuracy and functionality of modifications, and performance of our parts. Purchase Includes: Note: Product does NOT come with a trigger bar! I.T.T.S. Trigger for Glock Gen 5 Safety Instruction Guide

Introduction

Thank you for purchasing the I.T.T.S. Trigger for Glock Gen 5. This guide provides important safety information and instructions to ensure safe and effective use of your new trigger. Please read this guide carefully before installation and usage.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the I.T.T.S. Trigger by following all instructions provided in this guide. This product is designed for use with Glock Gen 5 models only.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product. If a recall occurs, follow the instructions provided for remedies.
- **Online Shopping:** When purchasing online, ensure that you use trusted platforms that comply with EU safety regulations.
- **Special Consumer Focus:** This product is not intended for use by individuals under the age of 18. Keep it out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Installation:** Only install the trigger if you are familiar with firearm modifications. If unsure, consult a certified gunsmith.
- **Testing:** After installation, conduct a function check to ensure the trigger operates correctly before using the firearm.
- **Usage:** Always handle the firearm safely. Treat it as if it is loaded, and never point it at anything you do not intend to shoot.
- **Maintenance:** Regularly inspect the trigger for wear and tear. Replace if damaged or if performance is compromised.
- **Environment:** Avoid using the firearm in wet or extreme conditions that may affect the trigger's performance.

Instructions for Installation and Usage

1. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the factory trigger according to the manufacturer's instructions.
- Install the I.T.T.S. Trigger by following these steps:
 - Align the trigger with the trigger housing.
 - Secure the trigger using the provided set screws.
 - Ensure all components are properly seated and tightened.
- Perform a function check to verify the trigger's operation.

2. Usage Steps:

- Load the firearm only when you are ready to shoot.
- Use proper shooting stance and grip.
- Apply steady pressure on the trigger for accurate shooting.

- After firing, maintain control of the firearm and be aware of your surroundings.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the trigger is damaged or no longer usable, do not attempt to repair it. Instead, follow local electronic waste disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the I.T.T.S. Trigger for Glock Gen 5, please refer to the retailer or manufacturer for assistance.
