

I.T.T.S. TRIGGER FOR GLOCK GEN 5 GOLD

TYRANT CNC I.T.T.S. TRIGGER FOR GLOCK GEN 5 Lightning-Fast Resets After Every Shot Launch a rapid-fire session at any time with the Glock Gen 5 trigger's superior trigger resets. The I.T.T.S. is armed with a 30 percent power spring to ensure lightning-fast resets after every shot. When this power spring is in use, the trigger and the sear become re-engaged and you can fire the pistol again with full force. Overall, the I.T.T.S. boasts a stronger reset over other standard triggers, making it one of the best-performing Glock triggers that you can find. Flat Faced Trigger Features Get the most out of your Glock Gen 5 trigger with this high-performing hybrid model. The Tyrant CNC I.T.T.S. is a cross between a curved trigger and a flat faced trigger, letting you enjoy the best of both worlds. With help from flat faced features, our Glock trigger helps ensure a uniform trigger pull with every shot. Curved Trigger Features Reap the benefits of a curved trigger along with a flat faced trigger when you use our Glock trigger. This trigger is intentionally designed with some of the best elements of a curved trigger to make every shot as efficient and direct as possible. One of the most notable benefits of the I.T.T.S. ergonomic design. Because this Glock trigger is highly influenced by the setup of a curved trigger, the trigger's lip has an enhanced curve feature that helps create consistency on initial and follow up shots. Additionally, you have the opportunity to benefit from the comfortable, intuitive setup of the I.T.T.S. The curved features of this product allow for a taller trigger, which helps provide a greater sense of comfort for users with larger hands. High Durability Enjoy your Glock Gen 5 trigger for years to come with help from its highly durable design. Every feature of this product is built to ensure that it lasts for an extended period of time, even with continued use. The I.T.T.S. is also made with set screws in lieu of pins to boost the strength and sturdiness of the trigger. Not only do these screws improve the overall performance of the product, but they also simplify every step of the maintenance process for optimal ease of use. Tyrant is proud to provide Non-OEM Glock parts.

I.T.T.S. Trigger for Glock Gen 5 Safety Instruction Guide

Introduction

Thank you for choosing the I.T.T.S. Trigger for Glock Gen 5 by TYRANT CNC. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock firearm before installing the I.T.T.S. trigger.
- Always treat firearms as if they are loaded, even when they are not.
- Store your firearm securely and out of reach of children and unauthorized users.
- Do not modify the trigger or any other components beyond the manufacturer's specifications.
- Regularly inspect your firearm and its components for wear and damage.
- Report any unsafe products or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that all users are adequately trained in firearm safety.
- **Training:** It is highly recommended to undergo training with a certified instructor before using modified triggers.
- **Environment:** Use the product only in safe environments, such as shooting ranges or designated areas.
- **Firearm Compatibility:** Ensure that the I.T.T.S. trigger is compatible with your specific Glock model (G17, G19, G22, etc.).
- **Wear Protective Gear:** Always wear appropriate eye and ear protection when handling or firing firearms.
- **Avoid Distractions:** Focus on your handling and operation of the firearm to prevent accidents.

Instructions for Installation and Usage

Installation Instructions

1. **Prepare Your Workspace:** Ensure you have a clean, welllit area to work in. Gather all necessary tools, including a punch tool and a small screwdriver.
2. **Unload the Firearm:** Before starting, ensure that your Glock is completely unloaded. Remove the magazine and check the chamber.
3. **Remove the Factory Trigger:**
 - Use a punch tool to remove the trigger pin.
 - Carefully detach the factory trigger from the firearm.
4. **Install the I.T.T.S. Trigger:**
 - Align the I.T.T.S. trigger with the trigger housing.
 - Insert the trigger pin to secure the trigger in place.
5. **Test the Trigger:** After installation, conduct a function check to ensure proper operation.
 - Pull the trigger to verify smooth operation.
 - Ensure that the reset function works correctly.

Usage Instructions

- **Initial Use:** After installation, take time to familiarize yourself with the trigger's feel and operation.
- **Regular Maintenance:** Periodically check the trigger for any signs of wear or looseness. Tighten set

screws as necessary.

- **Safe Handling:** Always follow basic firearm safety rules when using your Glock with the I.T.T.S. trigger.
- **Training:** Consider additional training sessions to adapt to the new trigger characteristics.

Disposal Instructions

- Dispose of the I.T.T.S. trigger responsibly. Follow local regulations for the disposal of firearm components.
- If the trigger is damaged or no longer usable, contact a certified gunsmith for proper disposal methods.

Contact Information for Further Support
