

HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION FDE

MAGPUL HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION The Hunter Lite – Remington 700 Short Action is a purpose-built hunting stock designed for Remington 700 rifles and Remington 700-pattern rifles chambered in short-action calibers. The Hunter Lite streamlines Magpul's original Hunter Stocks to reduce the weight and slim the dimensions, providing a fully featured upgrade that's lighter and more maneuverable during their outdoor pursuits. The result is a stock that weighs almost 25% less and has a forend that's almost 25% narrower than their original Hunter 700 Stock. The Hunter Lite Stock– Remington 700 Short Action is convertible to both right and left-handed rifles by simply swapping out the included inserts in the stock. Receiver support is provided by an extruded aluminum V-bedding block and reinforced steel pillars, enhancing consistency and accuracy. Its strength and firing dependability are supported by the extruded aluminum V-bedding block that features reinforced steel pillars to prevent compression and deformation while shooting. Featuring enhanced ergonomics, the buttstock and forend have integral sling swivel studs for use with a variety of slings and bipods. The buttstock includes removable half-inch spacers to enable LOP adjustments and snap-on cheek risers to create adjustable comb height. An enlarged trigger guard allows comfortable use with gloves and easy access to the ambidextrous magazine release. The magazine well features stamped steel over-insertion tabs to ensure repeatable, proper presentation of the loaded magazine. The forend also features multiple M-LOK® slots to accommodate your choice of M-LOK accessories and it's compatible with barrel profiles up to Medium Palma. Made in the USA. SPECIFICATIONS: Platform: Remington® 700 Compatibility: Short-action Remington 700 rifles and Remington 700-pattern receivers with barrel contours up to Medium Palma. Because of the integral magazine well, it is not compatible with Remington hinged floor plates. Butt-Pad Dimensions: 1.5 x 4.9 in. Length of Pull: 13-15 in. LOP using included spacers Weight : 2.4 lbs Width of Butt, max: 1.5 in. (no Riser) - 1.75 in. (with Riser) Width of Stock, max: 1.75 in. *NOTE: Compatible with aftermarket barrel profiles up to a Medium Palma (0.920" dia. 5.50" forward of the breech) Accepts ALL factory Remington barrels including VTR triangular barrel contours Accepts most factory and aftermarket triggers

HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION Safety Instruction Guide

Introduction

Thank you for purchasing the HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before using the stock.

General Safety Guidelines

- Ensure that the stock is compatible with your Remington 700 short action rifle before installation.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Store the firearm and stock in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the stock for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding firearms and their accessories.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Do not modify the stock or any components in a way that could compromise safety.
- Ensure that the magazine is properly seated before attempting to fire.
- Never point the firearm at anything you do not intend to shoot.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use only recommended ammunition types for your rifle to avoid malfunctions.

Instructions for Installation and Usage

1. Installation of the Stock:

- Ensure the firearm is unloaded before beginning installation.
- Remove the existing stock from the rifle according to the manufacturer's instructions.
- Align the HUNTER LITE STOCK with the receiver and ensure a proper fit.
- Secure the stock using the provided screws and tools, ensuring all connections are tight.

2. Adjusting Length of Pull (LOP):

- Use the included removable spacers to adjust the length of pull to your preference.
- Ensure that the spacers are securely installed and that the stock fits comfortably against your shoulder.

3. Using the Buttstock and Forend:

- Attach your sling or bipod to the integral sling swivel studs as needed.
- Adjust the snap-on cheek risers to achieve a comfortable comb height for aiming.

4. Maintaining the Stock:

- Clean the stock regularly with a soft, dry cloth to remove dirt and debris.
- Avoid using harsh chemicals or solvents that could damage the stock material.

Disposal Instructions

- When disposing of the stock, follow local regulations for the disposal of polymer materials.
- Consider recycling options if available in your area.
- Ensure that any components that could pose a risk to safety are disposed of securely.

Contact Information for Further Support

For any safety inquiries or concerns regarding the HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION, please refer to the manufacturer's contact information provided with the product.

Please remember that your safety and the safety of others is paramount. Always handle your firearm responsibly and in accordance with all applicable laws and regulations.
