MAGPUL HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION The Hunter Lite – Remington 700 Short Action is a purpose-built hunting stock designed for Remington 700 rifles and Remington 700-pattern rifles chambered in short-action calibers. The Hunter Lite streamlines Magpul's original Hunter Stocks to reduce the weight and slim the dimensions, providing a fully featured upgrade that's lighter and more maneuverable during their outdoor pursuits. The result is a stock that weighs almost 25% less and has a forend that's almost 25% narrower than their original Hunter 700 Stock. The Hunter Lite Stock– Remington 700 Short Action is convertible to both right and left-handed rifles by simply swapping out the included inserts in the stock. Receiver support is provided by an extruded aluminum V-bedding block and reinforced steel pillars, enhancing consistency and accuracy. Its strength and firing dependability are supported by the extruded aluminum V-bedding block that features reinforced steel pillars to prevent compression and deformation while shooting. Featuring enhanced ergonomics, the buttstock and forend have integral sling swivel studs for use with a variety of slings and bipods. The buttstock includes removable half-inch spacers to enable LOP adjustments and snap-on cheek risers to create adjustable comb height. An enlarged trigger guard allows comfortable use with gloves and easy access to the ambidextrous magazine release. The magazine well features stamped steel over-insertion tabs to ensure repeatable, proper presentation of the loaded magazine. The forend also features multiple M-LOK® slots to accommodate your choice of M-LOK accessories and it's compatible with barrel profiles up to Medium Palma. Made in the USA. SPECIFICATIONS: Platform: Remington® 700 Compatibility: Short-action Remington 700 rifles and Remington 700-pattern receivers with barrel contours up to Medium Palma. Because of the integral magazine well, it is not compatible with Remington hinged floor plates. Butt-Pad Dimensions: 1.5 x 4.9 in. Length of Pull: 13-15 in. LOP using included spacers Weight : 2.4 lbs Width of Butt, max: 1.5 in. (no Riser) - 1.75 in. (with Riser) Width of Stock, max: 1.75 in. \*NOTE: Compatible with aftermarket barrel profiles up to a Medium Palma (0.920" dia. 5.50" forward of the breech) Accepts ALL factory Remington barrels including VTR triangular barrel contours Accepts most factory and aftermarket triggers

# HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION Safety Instruction Guide

## Introduction

Thank you for choosing the Magpul Hunter Lite Stock for Remington 700 Short Action. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to ensure proper use and maintenance of your stock.

## General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until ready to shoot.
- Use appropriate eye and ear protection while shooting.
- Store the firearm and stock in a secure location away from children and unauthorized users.
- Regularly inspect your stock for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm usage and storage.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the stock is compatible with your Remington 700 Short Action rifle before installation.
- Do not use the stock with Remington hinged floor plates due to compatibility issues.
- Always ensure the stock is securely attached to the rifle before use.
- Be cautious when making adjustments to the length of pull (LOP) and cheek riser height to avoid accidental adjustments during use.
- Use gloves when handling the stock in extreme temperatures to avoid burns or frostbite.
- Avoid modifications to the stock that could compromise its integrity or safety features.
- Keep the stock clean and free from debris to maintain proper function.

## Instructions for Installation and Usage

### Installation

1. **Compatibility Check:** Verify that your rifle is a Remington 700 Short Action and that it is compatible with the Hunter Lite Stock.
2. **Remove Existing Stock:** Carefully detach the existing stock from your rifle, following the manufacturer's instructions.
3. **Install the Hunter Lite Stock:**
  - Align the stock with the receiver.
  - Securely fasten the stock using the provided screws and tools, ensuring a tight fit.
4. **Adjust Length of Pull:**
  - Use the included removable halfinch spacers to adjust the LOP to your preference.
5. **Adjust Cheek Riser:**
  - Snap on the appropriate cheek riser to achieve the desired comb height.
6. **Final Check:** Ensure that the stock is properly installed and all components are secure before use.

### Usage

- When using the stock, ensure that you are in a safe shooting environment.
- Familiarize yourself with the stock's features, including the ambidextrous magazine release and sling swivel studs.

- Practice proper shooting techniques to maximize the benefits of the stock's ergonomic design.

## **Disposal Instructions**

- Dispose of the stock in accordance with local regulations regarding plastic and metal waste.
- Do not incinerate the stock as it may release harmful substances.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or contact their customer support. Ensure you have your product details handy for efficient support.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Magpul Hunter Lite Stock for Remington 700 Short Action. Thank you for your attention to safety and responsible firearm use.
