

HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION - MAGPUL HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION O.D. GREEN

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

MAGPUL HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION The Hunter Lite – Remington 700 Short Action is a purpose-built hunting stock designed for Remington 700 rifles and Remington 700-pattern rifles chambered in short-action calibers. The Hunter Lite streamlines Magpul's original Hunter Stocks to reduce the weight and slim the dimensions, providing a fully featured upgrade that's lighter and more maneuverable during their outdoor pursuits. The result is a stock that weighs almost 25% less and has a forend that's almost 25% narrower than their original Hunter 700 Stock. The Hunter Lite Stock– Remington 700 Short Action is convertible to both right and left-handed rifles by simply swapping out the included inserts in the stock. Receiver support is provided by an extruded aluminum V-bedding block and reinforced steel pillars, enhancing consistency and accuracy. Its strength and firing dependability are supported by the extruded aluminum V-bedding block that features reinforced steel pillars to prevent compression and deformation while shooting. Featuring enhanced ergonomics, the buttstock and forend have integral sling swivel studs for use with a variety of slings and bipods. The buttstock includes removable half-inch spacers to enable LOP adjustments and snap-on cheek risers to create adjustable comb height. An enlarged trigger guard allows comfortable use with gloves and easy access to the ambidextrous magazine release. The magazine well features stamped steel over-insertion tabs to ensure repeatable, proper presentation of the loaded magazine. The forend also features multiple M-LOK® slots to accommodate your choice of M-LOK accessories and it's compatible with barrel profiles up to Medium Palma. Made in the USA. SPECIFICATIONS: Platform: Remington® 700 Compatibility: Short-action Remington 700 rifles and Remington 700-pattern receivers with barrel contours up to Medium Palma. Because of the integral magazine well, it is not compatible with Remington hinged floor plates. Butt-Pad Dimensions: 1.5 x 4.9 in. Length of Pull: 13-15 in. LOP using included spacers Weight : 2.4 lbs Width of Butt, max: 1.5 in. (no Riser) - 1.75 in. (with Riser) Width of Stock, max: 1.75 in. *NOTE: Compatible with aftermarket barrel profiles up to a Medium Palma (0.920" dia. 5.50" forward of the breech) Accepts ALL factory Remington barrels including VTR triangular barrel contours Accepts most factory and aftermarket triggers

Safety Instruction Guide for HUNTER LITE STOCK FOR REMINGTON 700 SHORT ACTION

Introduction

Thank you for choosing the Magpul Hunter Lite Stock for your Remington 700 Short Action rifle. This product is designed to enhance your shooting experience while ensuring safety during use. Please read this guide carefully to understand the safety precautions, installation instructions, and proper usage of the stock.

General Safety Guidelines

- Ensure safe handling of firearms at all times.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction.
- Store firearms and ammunition securely, out of reach of children.
- Regularly inspect the stock for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Do not modify the stock or any components beyond the manufacturer's specifications.
- Ensure that the stock is securely attached to the rifle before use.
- Avoid using the stock in wet conditions to prevent slippage and loss of control.
- Be cautious when using the adjustable features (e.g., length of pull, cheek risers) to avoid pinching fingers.
- If you notice any unusual sounds or malfunctions while using the stock, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Remove the Existing Stock:

- Ensure the firearm is unloaded.
- Use the appropriate tools to detach the existing stock from the receiver.

2. Attach the Hunter Lite Stock:

- Align the Hunter Lite Stock with the receiver.
- Securely fasten the stock using the provided screws, ensuring they are tightened to the manufacturer's specifications.

3. Adjust Length of Pull (LOP):

- If necessary, adjust the length of pull by adding or removing the included spacers.
- Ensure the adjustments are secure before using the firearm.

4. Install Cheek Risers:

- Attach the snap-on cheek risers to achieve the desired comb height.
- Verify that they are securely attached.

5. Check for Stability:

- Once installed, check the stock for stability and ensure there is no movement between the stock and receiver.

Usage

- When using the stock, maintain a proper shooting stance for stability and control.
- Utilize the integral sling swivel studs for slings and bipods as needed.
- Always ensure that the magazine is properly seated and that the firearm is ready to fire only when you are prepared to shoot.

Disposal Instructions

- Dispose of the stock according to local regulations regarding plastic and metal waste.
- If the stock is damaged beyond repair, ensure that it is rendered unusable before disposal to prevent misuse.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Hunter Lite Stock, please refer to the EUbased contact point provided by the manufacturer.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Magpul Hunter Lite Stock for Remington 700 Short Action. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these important guidelines.
