Safety Instruction Guide for AR15 Enhanced Buffers Carbine

Introduction

Thank you for choosing the AR15 Enhanced Buffers Carbine by Primary Weapons Systems. This safety instruction guide is designed to provide you with essential information to ensure safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the firearm is unloaded before performing any maintenance or installation.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the buffer for signs of wear or damage. Do not use if damaged.
- Ensure that all components are compatible with your firearm model.
- Follow all local laws and regulations regarding the use of firearms and accessories.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

Specific Safety Precautions for Use

- Use only buffers that are specifically designed for the AR15 platform.
- Ensure that the buffer weight is appropriate for your specific firearm setup.
- Be cautious of potential recoil when using heavier buffers, as they may affect the cycling of the firearm.
- If using the H4 buffer, be aware that it is intended for suppressed use and may alter the handling characteristics of your firearm.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

Instructions for Installation and Usage

1. Installation of the Buffer:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing buffer from the buffer tube by following the manufacturer's instructions.
- Insert the new AR15 Enhanced Buffer into the buffer tube, ensuring it is seated correctly.
- Replace the buffer retaining pin to secure the buffer in place.
- Check for proper function by cycling the action of the firearm before use.

2. Usage:

- Always handle the firearm with care and respect.
- When firing, maintain a firm grip and stance to manage recoil effectively.
- Monitor the performance of the buffer during use. If you notice any irregularities, cease use immediately and inspect the buffer.

Disposal Instructions

- Dispose of damaged or worn buffers in accordance with local regulations.
- Do not dispose of the buffer in regular household waste. Contact your local waste management facility for proper disposal methods.
- Ensure that all components are disposed of safely to prevent accidental use by unauthorized individuals.

Contact Information for Further Support
