NANUK 935 PROTECTIVE HARD CASE If you were designing the perfect waterproof, protective case that can go anywhere and do anything we bet that you would start with the NANUK 935. Three soft-grip handles make this wheeled case one of the most convenient on the market, but that's only the beginning. Polyurethane wheels withstand rough terrain while the one-handed retractable handle makes it easy to use and versatile. No matter where you're headed, you're guaranteed a smooth and hassle-free trip. Built to organize, protect, carry and survive tough conditions, the NANUK 935 waterproof hard case will take the abuse, so your gear doesn't. It's impenetrable and indestructible with a lightweight, tough NK-7 resin shell and its PowerClaw superior latching system gives you unmatched peace of mind. With NANUK's exclusive locking and latching system, your case stays shut and secured until you are ready to open it. Measuring 22x14x9" it can store a whole lot of essential gear and still be carried on most airlines. The NANUK 935 protective case is convenient even when full of equipment and weighed down. Simply press the button and the retractable handle extends to your choice of two positions and the NANUK 935 is ready to be wheeled to your destination with your photo gear, video gear, audio gear, medical equipment, industrial equipment, outdoor gear, personal effects and much more safely inside. The 935's two handles feature stainless steel hardware and cleverly retract to keep the handles out of harm's way when traveling or during shipping. This transport case is also equipped with an automatic pressure release valve and an integrated bezel system to accommodate custom panels without needing to drill holes, so the case stays watertight. This MIL-Spec injection molded case is backed by a lifetime warranty. **SPECIFICATIONS:** Exterior Size (LxWxH): 22 in x 14 in x 9 in 559 mm x 356 mm x 229 mm Interior Size (LxWxH): 20.5 in x 11.3 in x 7.5 in 521 mm x 287 mm x 191 mm Volume: 28.5 L Weight (Empty): 11.6 lb | 5.3 kg Lid Depth: 2.1 in | 53 mm Base Depth: 5.4 in | 137 mm Temperature Range: Min -20°F (-29°C) | Max 140°F (60°C) Max Buoyancy: 58 lb | 26.4 kg Padlock Holes: 0.34 in | 7.62 mm Material: Lightweight NK-7 resin Warranty: Lifetime warranty & 30-day satisfaction warranty Airline Carry On: Yes

Safety Instruction Guide for NANUK 935 Protective Hard Case

Introduction

Thank you for choosing the NANUK 935 Protective Hard Case. This guide provides important safety information and instructions to ensure the safe use and longevity of your case. Please read this guide carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure the case is used only for its intended purpose.
- Always check the case for any visible damage before use.
- Keep the case away from extreme heat and fire.
- Do not exceed the maximum weight capacity of 58 lb (26.4 kg).
- Store the case in a cool, dry place when not in use.
- Ensure that the case is securely closed before transporting.
- Regularly inspect the latches and handles for wear and tear.

Specific Safety Precautions for Use

- **Waterproofing:** Ensure that the case is properly sealed before exposure to water.
- **Pressure Release Valve:** Do not block the automatic pressure release valve; it is essential for maintaining the integrity of the case under pressure changes.
- **Handling:** Use the softgrip handles for lifting. Avoid lifting the case by the lid or the latches.
- **Children:** Keep the case out of reach of children to prevent accidents.
- **Transporting:** When wheeling the case, ensure that the retractable handle is fully extended and locked in place.

Instructions for Installation and Usage

1. Opening the Case:

- Press the latches to release and open the case.

2. Loading Equipment:

- Place your gear inside the case, ensuring it is well organized.
- Do not overload the case beyond its maximum weight capacity.

3. Securing the Case:

- Close the lid and press down firmly to ensure the latches engage securely.
- Check that all latches are properly closed before moving the case.

4. Using the Retractable Handle:

- Press the button on the handle to extend it.
- Choose your preferred height and ensure it locks into place before wheeling.

5. Wheeling the Case:

- Use the polyurethane wheels to transport the case over various terrains.
- Avoid dragging the case over sharp or abrasive surfaces.

6. Maintenance:

- Clean the exterior with a damp cloth. Avoid using harsh chemicals.
- Regularly check the seals and latches for any signs of wear.

Disposal Instructions

- Dispose of the case in accordance with local regulations.
- Do not incinerate the case as it is made from NK7 resin, which may release harmful substances when burned.
- If the case is damaged beyond repair, consider recycling the materials if facilities are available.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's website or customer service for assistance.

By following these guidelines and instructions, you can ensure the safe use of your NANUK 935 Protective Hard Case. Thank you for choosing NANUK for your protection needs.
